VOL. 67, NO. 141 TWIN FALLS, IDAHO, THURSDAY, SEPTEMBER 24, 1970 TEN CENTS

Rescue Mission

By United Press International

A Lebanese Middle East Airlines plane took off today for Amman to pickup American nationals caught in the Jordanian capital by the eight-day-old civil war, Beirut dispatches reported. Scattered fighting was reported in Amman but diplomatic sources said the airport road was clear.

There are about 400 Americans in Jordan and the State Department has indicated as many as 200 of them would be brought out aboard three planes chartered from Middle East. The Voice of America had instructed the Americans earlier to assemble in the lobby of the Inter-Continental Hotel in Amman at 2 p.m. (8 a.m. EDT) for evacuation.

However, accounting for an apparent delay in departure of the planes, there was a report from the pilot of a British mercy flight to Amman who said he landed safely but was unable to use the full length of the runway on takeoff because of sniper fire. He said no navigational facilities were available and final approaches were visual.

Arab governments reported the Jordanian army was shelling guerrilla-held Irbid and other northern strongpoints, and the guerrillas appealed urgently for aid. They reported hospitals destroyed and great suffering and starvation.

Diplomatic sources indicated King Hussein was winning his battle for survival, and Cairo dispatches said, a Palestinian guerrilla delegation flew to Damascus today to try to win approval of a peace agreement reached Wednesday with King Hussein and then rejected by guerrilla leader Yasser Arafat.

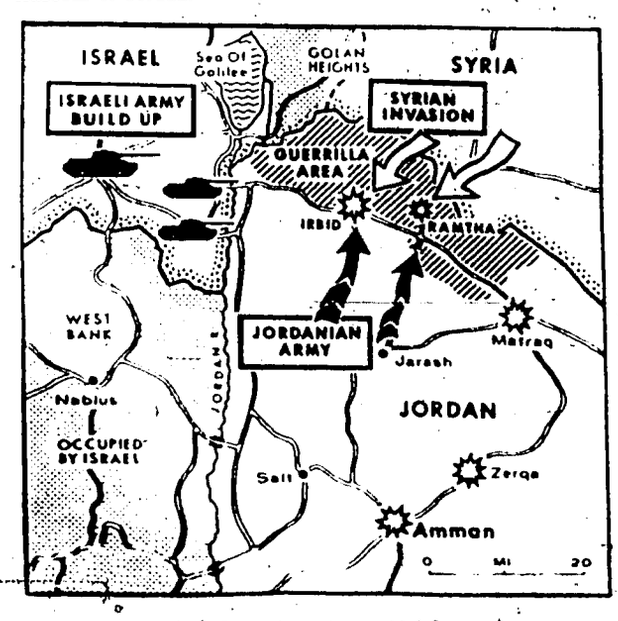

Diplomatic sources in Washington said planeloads of Americans had been assembled in the shell-pocked Inter-Continental Hotel for transportation to the airport and a flight to safety aboard three planes chartered from the Middle East Airlines, a Lebanese company based in Beirut.

There were conflicting reports on the fighting in Amman. The guerrillas reported more "massacres" by Hussein's troops. Hussein denied any fighting at all. British diplomatic reports said "some fighting and shelling continued," but that the situation was so quiet the British Embassy staff was staying in Amman.

Israeli military correspondents who first reported the Jordanian tank and air force victory over invading Syrian tank units at Irbid said they could hear the sounds of conflict again today, with Jordanian tanks and artillery shelling guerrilla strongpoints.

PALESTINIAN GUERRILLA leader Yasser Arafat rejected a peace agreement reached by other guerrillas with King Hussein of Jordan. (UPI)

Data Ban Assists Suspect

By LORAYNE SMITH
Times-News Staff Writer

JEROME — The Stohler murder case might have been solved, had information about the suspect's car been given immediately to every news outlet and police agency, Jerome police chief C. H. Puntney said here today.

The police chief referred to the murder of Reuben Stohler, whose body was found at his home Sept. 14.

Puntney told the Times-News withholding from the news media the description of the victim's missing car may have meant "missing our chance of apprehending the suspect."

This vehicle was reportedly seen in American Falls following the discovery of Mr. Stohler's body. If the officer there had known the car was "hot", Puntney said, it could have solved the case.

"It stands to reason that the man who made off with the car would know that it would be missed upon discovery of the body, and most certainly would know we would be looking for it," the chief said.

"I'm not overlooking the fact that the suspect might have overheard the broadcast and abandoned the car. But the discovery of this vehicle, with or without the driver, is an important factor in solving this case."

The police chief also said that had the information been disseminated immediately, there is also the possibility someone else would have spotted the car.

The missing vehicle apparently disappeared, raising the possibility, he said, that the suspect may have driven it into a river or over a cliff.

A number of persons have been interviewed by Twin Falls police, who are assisting the Jerome sheriff's office in the case, but none of the information has led to any definite evidence, the chief said.

I-80 Link Opens

SHOSHONE — The seven and one-half mile stretch of Interstate 80N between Bliss and King Hill officially opened for public use at 10:30 a. m. today, Dale Harding, assistant district engineer, said.

Seal coating on the newly completed stretch will be completed next year. The roadway has been finished for some weeks, but signs and guardrails along the section have just been installed.

The section was built by Grant Construction Co. and Inland Asphalt Co., both Hayden Lake, on a $1.29 million contract which included seal coating the new section of interstate and the King Hill connector. About nine miles remains to be seal coated next year.

SECRETARY of Health, Education and Welfare Elliot Richardson states the Nixon administration will not "throw in the towel" on its welfare reform bill. Stalled in the Senate Finance Committee, the bill would offer financial aid for the first time to working poor families. It would also guarantee a minimum income of $1,600 a year. Richardson made the statement at a news conference. (UPI)

Tax Snag Nationwide

TWIN FALLS — The computer tax foul-up which caused local farmers to receive incorrect notices of delinquency penalties on their 1969 federal income tax is reportedly nationwide in scope.

The incorrect reports were first discovered in Twin Falls by an accountant who reported clients had been notified that penalties were due the IRS for supposed mistatement of their 1969 taxes.

Today Del Barry, chief of the Internal Revenue Service, Boise District collection division said it appears the computer center in Martinsburg, W. Va., sent out an unknown number of incorrect penalty notices to farmers.

He said the IRS now faces the mammoth problem of investigating all such notices mailed out to determine which are accurate and which are not. He said the checking procedures will have to be conducted by hand and not by the labor saving computers.

According to Barry, the IRS should be able to announce some solution to the problem by Friday, and as soon as the matter is resolved the agency will issue press releases to inform all persons involved.

He said one Twin Falls case involved misclassification of a farm operation involving several farmers as a partnership. He said such computer misclassification may be the cause of the foul-ups.

Welfare Cases Show Sharp Rise

BOISE (UPI)—Idaho's welfare cases increased more than 50 per cent between January of 1969 and July of 1970 and two U.S. Supreme Court decisions and a new federal law apparently are partly responsible.

Commissioner Bill Child of Public Assistance said his records show aid to dependent children cases increased to 4,872 last July from 3,198 in January of 1969.

Child said the increase resulted from a number of factors, including:

— A U.S. Supreme Court decision which said welfare agencies cannot consider the salary of a person not legally responsible for child support in deciding if a family qualifies for welfare.

Ky Visit Feared

WASHINGTON (UPI) —A leading House Republican said today Vice President Nguyen Cao Ky is a "symbol of everything wrong" in South Vietnam and will spark certain violence if he appears at a Washington rally next week.

Rep. William S. Broomfield, R-Mich., ranking Republican of the House foreign affairs Far East subcommittee, made available to UPI a letter to Secretary of State William P. Rogers, in which he urged Rogers to tell Ky "in the strongest possible terms" to stay in Paris.

Ky is scheduled to attend a "march for victory" rally here Oct. 3 sponsored by Rev. Carl McIntire, a radio evangelist. At a news conference Wednesday, McIntire said he expected 500,000 or more people at the event on the Washington Monument grounds.

Several antiwar groups already have announced plans to use Ky's visit as an occasion to demand more money for domestic programs and less money for South Vietnam. Some protest leaders, including Rennie Davis of the "Chicago Seven," plan to attempt a citizens arrest on Ky at the rally.

Broomfield's letter said, "In a capsule, Vice President Ky will stand there as a symbol of everything wrong in South Vietnam whether he personally deserves any blame or not. I know that we would not wish to be such a symbol, but the fact is that he will be so regarded—even by many of the so-called 'silent majority' who want to support our country—right or wrong—in whatever it does."

Broomfield said Ky will not stand at the monument as a symbol of a small country fighting communism but as a symbol of the "agony of our people" on the war issue.

Broomfield supports President Nixon's plans for withdrawal of combat troops, but wants to accelerate the pullout. He recently visited the Paris talks, the U.N. disarmament discussions and the Strategic Arms Limitation Talks.

IDAHO SUPREME COURT justices, deliberating in informal session following court hearings in Twin Falls, include Allen G. Shepard, left and Clay V. Speer, standing, and Henry McQuade, Joseph J. McFadden and Charles R. Donaldson, seated, from left. The high court is convening in Twin Falls through Thursday to hear appeals from citizens in the local area on cases from the Fifth Judicial District Court. Six cases are on the docket for the present session.

Court Session Ends

TWIN FALLS — Supreme court justices concluded a three-day session of the state's high court here Thursday with the final two of six cases heard.

Those on which arguments were heard Thursday included the case of Arlo Robert Jones who was convicted of burglary in Twin Falls in 1966 and who is presehtly serving a sentence. He filed a motion for relief in district court and appealed the denial of that motion to the supreme court. The defendant contended he was deprived of his rights to confer with his attorney at the time of arrest.

The other Thursday case was an appeal of James G. Holliday of Utah, on a conviction of driving while intoxicated, because of alleged refusal to take a blood test. Holliday contended he did not refuse the test but was injured and unable to do so.

Justices will deliberate the six cases heard in Twin Falls, and file their judgments with the Fifth Judicial District Court at a later date.

Soviet Mooncraft Lands With Rocks

MOSCOW (UPI)—The Soviet Union's Luna 16, loaded with rocks from the moon, landed today in Soviet Central Asia, completing the first round trip between earth and the surface of a space body by an unmanned craft, the news agency Tass said.

"The return apparatus of the Station Luna 16 landed in the preset area of Kazakhstan (the Soviet Central Asian Republic) at 8:20 a.m. Moscow time (1:20 a.m. EDT)," Tass said.

"For the first time in history of space exploration," Tass said, "lunar rock was brought to earth with the use of an automatic apparatus. This outstanding space experiment has successfully been concluded."

Tass said the returning lunar ship landed exactly on target 48 miles southwest of Dzhezkazgan in the Republic of Kazakhstan. The area is 1,700 miles southeast of Moscow.

The return marked completion of a spectacular comeback for the Soviet lunar exploration program and also was the first time an unmanned space craft had landed on a body in space, launched again and returned to earth.

The space ship carried rocks gouged from the moon by Luna 16's shovel controlled from earth after the craft landed last Sunday.

SAUDI ARABIAN King Feisal, right, is greeted by U. A. R. President Gamal Abdel Nasser on his arrival at the Cairo airport Wednesday. Feisal arrived in Cairo to join other Arab heads of state in working out a solution to the Jordanian civil war. (UPI)

N. Viets Survive Strikes

PHNOM PENH (UPI)—The Cambodian Command said today the Viet Cong and North Vietnamese defenders of Tang Kauk were so well entrenched that air strikes have been powerless to dislodge them. Cambodian troops failed again Wednesday to capture the town.

U.S. C119 Shadow gunships poured thousands of rounds of gunfire into the Communist positions in the town Wednesday, observers at the front said. But the observers said no American strikes were flown in support of Cambodian forces.

"We are meeting fierce fighting on all sides of the town," a military spokesman said. "The Viet Cong are well dug-in and are fighting from bunkers so well built that they cannot be destroyed by air strikes."

The Cambodian assault on Tang Kauk intensified Wednesday after two days of maneuvering troops into position. But the spokesman said the Cambodians so far have been unable to encircle the Communists, who could still escape to the north if they wanted to.

The Viet Cong and North Vietnamese inside Tang Kauk fired back with 57mm recoilless rifles, 82mm mortars and six-foot-long 122mm rockets, military officers at Tang Kauk said.

The spokesman said the Cambodians had suffered "quite a number of casualties" but later called the casualties "moderate." He declined to privide specific numbers for security reasons.

U.S. Leaves Okinawa

TOKYO (UPI)—The U.S. Air Force has agreed to remove all its B52 bombers from Okinawa, the Japanese Foreign Ministry said today.

The Foreign Ministry said, however, the bombers may be returned to Okinawa if future operations require it.

A U.S. Embassy spokesman would neither deny or confirm the report, but said, "an embassy official discussed the matter with Foreign Ministry officials this morning."

Japanese government sources said the notice from the U.S. Embassy did not say when the bombers would be removed.

Push Recall

BURLEY — Chester Viers, a former Burley policeman, said Thursday he is still circulating petitions to recall Mayor Garis Robertson.

He assumed leadership of the project after Donald Nielson moved from Burley.

Viers told the Times-News today a number equal to 25 per cent of the number of persons voting in the last municipal election is needed on the petitions, or 453 signatures.

Viers says he has about 300 of the required 453 signatures. About "half a dozen" petitions are being circulated and he has not yet been able to contact all the people handling them, Viers said.

Reds Must Clarify

PARIS (UPI)—The United States today asked the Vietnamese communists for "further clarification" of their latest peace proposals. But it said the package did not appear to offer anything new.

At the same time, Ambassador David K. E. Bruce accused the North Vietnamese and Viet Cong of using American prisoners and their families as "pawns to achieve your political objectives."

Bruce, in the first formal U.S. response to an eight-point proposal from the Viet Cong on Sept. 17 offering a cease-fire if American and allied troops were pulled out of Vietnam by next June, said:

"While you have rearranged some of the elements of your earlier proposals and added certain detail to them, it would appear that your fundamental demands remain unchanged however if you intended in your latest statements to convey new positions, we would welcome further clarification from you."

Bruce said American goals continue to be the withdrawal of all "outside forces" from South Vietnam, although he did not mention North Vietnamese troops specifically. He also said the Communist demand for the overthrow of the [illegible] ment of President Nguyen Van Thieu and their refusal to negotiate with that government is "irreconcilable."

Clearing and Cooler Friday

Magic Valley, Twin Falls and vicinity, Northside, Burley-Rupert area:

Fair and cool today tonight and Friday. Windy today with winds northwesterly 15 to 25 miles per hour this afternoon. Highs both days mostly in 60s. Overnight lows in 20s and low 30s. Probability of precipitation near zero through period. Outlook for Saturday continued fair and a little warmer.

Camas Prairie, Hailey and lower Wood River Valley:

Same as Magic Valley except temperatures. Highs 55 to 65, lows near 20.

Weather synopsis:

Surface and upper level high pressure is building over Idaho. This will bring clear and cool weather to Idaho for the next few days.

High temperatures that have been running in the low 60s and low 70s will now be in the mid 50s and low 60s today and Friday with the likelihood of about a 3 to 5 degree warming trend by Saturday.

The overnight lows that have been running quite warm — mostly in the mid 30s to mid 40s will show a marked drop into the low 20s and low 30s under the clear skies.

The surface winds today will be westerly to northwesterly increasing to between 15 and 25 miles per hour this afternoon. They will be rather gusty especially in southeast Idaho today.

The weather should be excellent for outdoor activities except for the rather cold nights especially for you hunters out there in the mountains.

PATROLMAN in the Minneapolis Police Department bomb squad models one of three new suits of body armor purchased to handle bomb calls. The $590 protective suits are made of nylon-covered armor plate and weigh 80 pounds. There have been a series of bombings in the Twin Cities area during the past few months. (UPI)

Sanders Loses

ATLANTA (UPI) — Jimmy Carter, a wealthy peanut farmer who called himself one of Georgia's "little people," won a smashing victory over former Gov. Carl E. Sanders Wednesday night in a Democratic primary runoff for governor.

"The voters' decision probably will go down as one of the greatest victories that has ever been seen in this state," said the 45-year-old former state senator.

Carter had led Sanders, also 45, in the first primary two weeks ago, but a nine-man field kept him from getting a majority. He kept his momentum in Wednesday's runoff and three hours after the polls closed his lead was so large that Sanders conceded.

Also in the voting, Andrew J. Young, a former aide to the late Martin Luther King Jr., won a first-step toward becoming Georgia's first black congressman in 100 years. Young, 38, beat white attorney Wyman C. Lowe for the Democratic nomination in the 5th District and will meet Rep. Fletcher Thompson, R-Ga., in November.

And in another runoff, Dawson Mathis, 29, a former television newsman at Albany, beat attorney Harry Wingate for the 2nd Congressional District nomination. He has no Republican opposition and will succeed retiring Rep. Maston O'Neal, D-Ga.

With 1,927 of 2,045 precincts reported, Carter claimed 59 per cent of the vote, 482,476 votes to 333,938 for Sanders, and was losing in only eight of Georgia's 159 counties.

Fresh from one of the biggest upsets in modern Georgia politics, Carter turned his attention to his general election opponent, Republican Hal Suit. And he immediately challenged the former television newscaster to a television debate.

"I know he is a professional TV performer, but I'm not afraid of meeting him headon in his own medium," said Carter.

Suit won the GOP primary Sept. 9 by beating Comptroller General Jimmy Bentley, a Democrat turned Republican.

Regional Obituaries

Clara Kopp

HANSEN — Mrs. Clara Etta Kopp, 83, former Hansen resident, died Wednesday at Cassia Memorial Hospital, Burley, of a long illness.

She was born Feb. 13, 1887, at Brownville, Neb. She moved with her parents to Byron, Neb., at the age of 4. She was married to Fred C. Kopp on July 5, 1906, in Nebraska and in 1914, they moved to Hansen.

She was a member of the Methodist Church and the Royal Neighbors Lodge of Hansen. The past three years she has lived with a sister, Mrs. Cora Brady, Burley, where she was a member of the Loyal Workers Circle of the Burley Home Improvement Club. She also was a musician and taught music as a young woman.

Surviving are four sons, Eugene W. Kopp, Twin Falls; Paul Howard Kopp, Seattle; Frederick Henry Kopp, Long Beach, Calif., and Arthur Robert Kopp, Cypress, Calif.; a daughter, Mrs. Mary Elizabeth Cline, Coquille, Ore.; a brother, Arthur C. Dunn, Long Beach, and a sister, Mrs. Brady, Burley, and 14 grandchildren, 21 great-grandchildren and one great-great-grandchild.

She was preceded in death by her husband in 1951, a son, James Gordon Kopp, and one granddaughter.

Funeral services are pending at Twin Falls Mortuary.

Funeral Services

Graveside services for Virgil Tadlock, Friday 4 p. m., Sunset Memorial Park.

Robert Luke Francis, Friday 2 p. m., White Mortuary Chapel.

$3 Million Estate Contested

CALDWELL (UPI)—A will involving an estate valued at approximately $3 million which directed a board of managers to establish a charitable foundation has been contested in Canyon County Probate Court.

The will was made by Ethel Whittenberger, who died May 24. It directed a board of managers to establish the Claude R. and Ethel B. Whittenberger Foundation to receive the bulk of the estate for a variety of charitable causes, including scholarships.

The petitioners—one brother, one sister and three nieces of the deceased woman—allege the directions given to the foundation's board of managers are too obscure and indefinite for legal fulfillment, and that the will be granted power of attorney to the board of managers.

The will left a house in Caldwell and property in Valley County to relatives. The remainder of the estate was bequeathed to the foundation, and the will specified the bulk of the foundation was to be used exclusively for religious, charitable, literary and educational purposes.

Frank Holy

RUPERT — Frank Paul Holy, 86, died at his home in Rupert Wednesday of a lingering illness.

He was born Jan. 13, 1884, at Gisek, Czechoslovakia, and came to the U.S. as a young man. On Jan. 26, 1910, he married Emma Ambroz at Madison, Neb. They moved to Rupert in 1936 from Nebraska.

Mr. Holy was a retired farmer. Survivors include his widow, Rupert; two daughters, Mrs. Elmer (Mae) Routenberg, Tilden, Neb., and Mrs. Elyse Hicks, Spokane, Wash.; two sons, Cecil Holy and Gene Holy, both Rupert; one brother, Vic Holy, Columbus, Neb.; three sisters, Mrs. Bessie Finkral, Madison, Neb.; Mrs. Josie Reeves, Meadow Grove, Neb., and Mrs. Valasta Anson, Anaconda, Mont.; nine grandchildren and 10 great-grandchildren.

Funeral services will be announced by the Walk Mortuary.

Vehicles Damaged

BURLEY — Audrey Parks, 49, Burley, was cited for a stop sign violation, expired inspection sticker and faulty equipment following a two-car accident at 11:50 a. m. Tuesday at the intersection of Oakley Ave. and 16th Street.

Mrs. Parks was traveling north on Oakley Ave., went through the stop sign, and collided with a station wagon driven by Charlie R. Beale, 52, of Burley. Damage was $50 to the left front fender of the Parks vehicle and $200 to the right front of the Beale wagon.

Passengers in Mrs. Parks' car were Joe Stauss, 53, Susan Gabeala 3, Christen Gabeala, 5, all Burley. There were no injuries reported. Burley city police investigated.

Dodds Asks GI Addict Discharges

WASHINGTON (UPI) —Sen. Thomas J. Dodd, D-Conn., today proposed giving addicted servicemen medical discharges so they can kick their drug habits in hospitals as honorably separated civilians.

Present military regulations require servicemen dependent on or addicted to drugs be discharged from the military under less than honorable conditions—thus denying them many benefits such as treatment in veterans' hospitals.

A Defense Department task force on drug abuse, in a recent report, defended the present discharge system as a fair and proper method and said it should not be changed "for the sole reason of allowing drug abusers to receive veterans benefits."

Lorena Logan

TWIN FALLS — Mrs. Lorena B. Logan, 88, Hayward, Calif., former Twin Falls resident, died Saturday in Hayward.

She was born on Sept. 9, 1882, in South Dakota. She moved from Twin Falls to California in 1947 and has lived at Hayward the past five years.

Funeral services were conducted Wednesday at Hayward. Final rites were held today in Sunset Memorial Park under the direction of the Twin Falls Mortuary.

Twin Falls News In Brief

Immunization clinic of the South Central Health District will be closed Tuesday because of the rubella clinics, according to James Ingalls, acting director.

Magic Valley Little Theater group will conduct a general meeting at 7 p.m. Monday at the KMVT studios to complete plans for tryouts for the play, "The Odd Couple," to be presented in December. Mrs. Bradford T. Hickerson, director, said the tryouts are set for Oct. 12-13 at a place and time to be announced. Monday's meeting is open to all interested persons, she said.

YWCA beginning bridge classes will begin next Tuesday at 8 p.m. for adults. Mrs. Ada Burgess will also instruct a class for teenagers interested in learning to play bridge at 4 p.m. on Tuesdays. Anyone interested in either class may call the YWCA, 733-4384 or come to 1751 Elizabeth Blvd.

The YWCA knitting classes are held on Wednesday afternoons and Thursday evening. Mrs. Bess Williams is the instructor and anyone interested in either class can call the YWCA, 733-4384 or come to 1751 Elizabeth Blvd.

Interior decorating class being offered by the YWCA will begin October 1, 9 a.m. Mrs. Pat Acree is the instructor. Babysitting will be available for pre-school children. Anyone interested in the class can call the YWCA, 733-4384.

The Women of the Moose will have a meeting at the Twin Falls Moose Hall at 8 p.m. Friday. The meeting will be held in honor of out-of-town guests. An entertainment program will be presented.

An old time dance will be held from 8 p.m. to midnight Saturday at the Twin Falls Moose Hall. Tom Lancaster's Band will provide the music. A lunch will be served.

The YMCA-YWCA is now receiving entries for the fall Y Art Gallery. Paintings should be entered by month end and will be on display through November.

Environment 'Local Affair'

IDAHO FALLS (UPI) —The Democratic candidate for Idaho attorney general said Wednesday environmental problems could best be solved on the local level.

W. Anthony Park, discussing an upcoming Idaho Falls bond election that would fund a city secondary sewage treatment facility, said both federal and state legislation had been passed to encourage local areas to take the initiative and build adequate sewage facilities.

He commended the Idaho Falls city government for "taking intelligent long range action to solve the problem of sewage pollution of the Snake River."

Students Increase At CSI

TWIN FALLS — Final enrollment figures for the fall, 1970, semester at the College of Southern Idaho show a 12 per cent increase in the number of students attending the junior college, Jerry Meyerhoeffer, director of admissions said today.

Meyerhoeffer said there are 1,462 academic, 237 vocational, and 816 special program students for a total of 2,515 students.

There were 2,245 students enrolled during the first semester of the 1969-70 school year, he said.

"We are highly pleased with the large enrollment increase at CSI this year," Meyerhoeffer said. He feels the increase might have been more substantial had buildings now under construction been ready by opening of school.

HERCULES transport planes of the U. S. Air Force are lined up at an airfield at Kitzingen, Germany, where they are being loaded with equipment of the 32nd Mobile Army Surgical Hospital. That unit was alerted for possible deployment in the Jordanian crisis. (UPI)

Jaycees Plan Junk Cleanup

TWIN FALLS — Jaycees of Twin Falls are organizing their forces for a special campaign for the first few weeks of October to help the city get rid of unsightly junked automobiles.

Acting City Manager George Michael said Thursday the city is preparing a small brochure explaining the law governing the keeping of such junk items and telling the property owners or residents what steps can be taken to get rid of the old car bodies on their back yards.

These will be given to the Jaycees for distribution to all places where the car bodies are known to be. A city map has been prepared and a list of properties where some 500 such eyesores are located will be provided the Jaycees.

Michael said he believes the Jaycees will be ready to begin their public information campaign by about Oct. 1 and will continue to work with the city until the clean up is completed. Then strict enforcement of the city ordinance will begin, he said.

Jaycees have also agreed to contact all wrecker equipment operators in the city to see if they will cooperate.

Michael said as soon as a sizeable amount of old car bodies are on hand the equipment will move in and begin crushing and shipping operations.

Sheriff Appoints Deputy

TWIN FALLS — The resignation of a Twin Falls deputy sheriff and the appointment of his replacement were announced Wednesday by Sheriff Paul Corder.

Jim Campbell, Twin Falls, begins work today as an officer for the city of Kimberly. Campbell has been deskman and radio operator for the sheriff's office.

Ronald Goodman, a native of Murtaugh, will replace Campbell, beginning Friday. He has six years prior police experience in Nevada and served two years in the armed forces. He is married and has five children.

Vote Machine Use Planned

TWIN FALLS — College of Southern Idaho students, even those too young to vote in regular elections, will be able to cast ballots next month on a voting machine.

The county of Twin Falls has loaned the college one of its voting machines to use October 1 and 2 in student elections, according to Jack Sims of CSI.

Four freshman senators and a vocational senator will be elected by vote of the student body. Sophomore senators and officers of the senate were elected last spring. President is Lawrence (Red) Barber of Halley.

Difference

The chemical formula of plant chlorophyll is the same as that of animal blood—with one tiny difference. Instead of the atom of magnesium, blood has an atom of iron.

Can't Stop Now

The American Cancer Society needs your help to continue support of cancer research in 125 universities, hospitals and institutes. Too much is at stake to stop now.

Burley Man Faces Dyer Act Charge

TWIN FALLS — A young Burley man accused of interstate transportation of a stolen motor vehicle was arraigned Wednesday afternoon before U. S. Commissioner Harry B. Turner in Twin Falls.

FBI agents said they arrested Gary Richard Vincent on the Dyer Act charge for allegedly transporting a car from Burley to Washington and California and back to Burley.

He was originally arrested, they said, by Cassia County authorities for parole violation.

Vincent waived preliminary hearing and was bound over to appear in federal court in Boise. Commissioner Turner set bond at $1,500, which was not posted and Vincent was placed in custody at the Twin Falls County jail.

Booked

TWIN FALLS — A call received at the Twin Falls Police Department Wednesday night advised a man was lying at the foot of the steps in front of the Twin Falls Canal Co. building — probably dead.

Investigation resulted in the booking of one "dead drunk" according to a follow-up entry on the city blotter.

$700 Loss Set In Hay Blaze

HAILEY — About $700 worth of hay was destroyed by fire Tuesday night at the Dick Hill Ranch west of Hailey, according to Hailey Fire Chief Art Ivie.

Chief Ivie said volunteers answered the call about 5:30 p.m. and had the blaze under control by about 8 p.m. About half of the stack of nearly 70 tons of hay was lost. The remainder was salvaged by moving the burning end away into a nearby field and digging a fire line around it, he said.

Mrs. Hill said the hay was not insured but she believed the blaze was started by a hunter or some other passerby with a cigarette as there is a path leading to the stack and the area is a popular sage hen hunting site.

Vocational Classes Scheduled

TWIN FALLS — Organizational meetings for two classes to be conducted at the College of Southern Idaho vocational school will be held at 7 p. m. Wednesday, according to Frank Schell, technical and industrial coordinator.

Basic electricity will be taught from 7 to 10 p. m. on Wednesdays, for a total of 45 hours.

Basic refrigeration will be taught from 7 to 10 p. m. Tuesday and Thursday nights for a total of 60 hours. Registration, Schell said, is limited to those students who already are employed in either of the two trades and who wish to upgrade themselves for their profession.

Cost of the electrical course is $10 plus books. Cost of the refrigeration course is $12 plus books.

Utah Man Held On Theft Count

TWIN FALLS — A young Salt Lake City man remains in custody at the Twin Falls County jail for failure to post bond on a grand larceny charge out of Utah.

Buhl Police reported they arrested Earle Lloyd Wilde, 18, about 2 a.m. Wednesday at a motel in Filer on a warrant from Utah charging grand larceny.

It was reported Wilde was staying in the Buhl area at the time of his arrest.

Complaint Handling Studied

TWIN FALLS — The Twin Falls Education Association Wednesday afternoon served as host for a regional workshop on professional negotiations. Conducting the meeting was Dr. Robert Day, PR & R director for the Idaho Education Association.

The major area of discussion centered around the establishment of grievance procedures in negotiations with local school boards.

Also taking part in the program were Mrs. Louise Jones, state IEA president from New Meadows, and Ronald Finn of Twin Falls, state IEA vice-president.

Representatives of local education associations were present from Buhl, Burley, Blaine County, Jerome, Wendell, Valley and Twin Falls.

Reid Pfefferle, president of the Twin Falls Education Association served as host for the three-hour meeting held in the Twin Falls High School cafeteria. Refreshments were served by a group of local education association members.

Speaker Recalls Lombardi

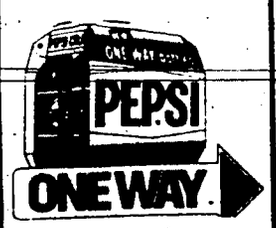

TWIN FALLS — Reminiscences of the late Vince Lombardi, famed football coach of the Green Bay Packers, highlighted the Twin Falls Rotary Club meeting Wednesday.

The speaker, Bill Howard, now a broadcaster for the Utah Stars, told of his association with Lombardi while Howard was a broadcaster for the Packers.

Lombardi, when asked his plans to improve the Packers' fortunes, declared, "I've never been a loser . . . I'm not going to start now." Advising his men to think about three things — family, church and the Packers, he went on to build a team on "toughness," Howard told Rotarians.

The speaker stated the Salt Lake Palace is the third best stadium in the country, placing it second only to Madison Square Garden and the Los Angeles Forum.

Magic Valley's Home Newspaper

Thursday, September 24, 1970 Al Westergren, Publisher PHONE 733-0931

Official City and County Newspaper Member of Audit Bureau of Circulation and UPI

Pursuant to Section 60-108 Idaho Code, Thursday is hereby designated as the day of the week on which legal notices will be published. Published daily and Sunday, except Saturday, at 132 Third Street West, Twin Falls, Idaho, 83301, by Magic Valley Newspapers, Inc. Entered as second class mail matter April 8, 1918, at the post office in Twin Falls, Idaho, 83301, under the act of March 8, 1879.

The Constitution

On November 3 the voters of Idaho will have the opportunity to vote for or against adoption of a revised Constitution for the state.

The proposal to change Idaho's Constitution has been studied in depth. The most brilliant minds in the state have been engaged in this task for months—in fact for years—and the top-flight Constitutional Revision Commission has come up with a Constitution which would replace the bigoted, outdated one under which the state now operates.

After a close study of the proposed Constitution, we recommend that the voters of Idaho mark their ballot "for" the new instrument. Action in forming the suggested Constitution has not been hasty. The revision commission was commissioned by the Legislature in 1965. Such persons as Rep. Orval Hansen, Rep. James McClure, Doug Kramer, Carl Burke, Rep. Darrell Manning, Lloyd Webb and Senator Don Fredericksen composed the original commission. Five members were appointed by the Legislative Branch; five by the Governor and five by the Supreme Court. Many meetings were held, all open to the public. During the summer and fall of 1969 the Legislature held 28 public hearings over the state in every Legislative district.

The Commission made further revisions based on these hearings—over six of them were in Magic Valley—and met with the Legislature in January of this year with a final report. The Legislature—105 persons representative of our State—then held a miniature Constitutional Convention for two days. They heard all the arguments.

The Senate approved the proposed Constitution 28-6 and the House approved it 52-16. We would list five things that are not changed and as many that are changed by the new document.

(1) All presently elected public officials will continue to be elected excepting the Governor and Lieutenant Governor will run as a team.

(2) No county can be divided, annexed or consolidated without vote of the people.

(3) The State debt limit of $2 million will be retained.

(4) If general obligation bonds are issued and vote is restricted to landowners, no more than two-thirds or no less than a majority is required to carry. (Editor's Note: there is now the question as to constitutionality of this provision in view of the U.S. Supreme Court ruling).

(5) There is no change in taxation provision. There must be an equal assessment ratio for all classes of property.

Some changes:

(1) Eliminates anti-Mormon features. Electors presently cannot vote or hold office if they believe in celestial marriage which has been disregarded for 70 years.

(2) Inserts right of privacy (such as not having a telephone bugged) as part of the Bill of Rights.

(3) Gives the Legislature equal powers with the Governor in that the Legislature could request by majority vote of both houses for the Governor to call a public session.

(4) Classifies establishment of penal and other institutions of corrections so that the Legislature could have half-way houses or take over Job Centers for rehabilitation of some of our younger prisoners.

The five "same" and five "change" features of the propesed Constitution were selected at random to give some idea of the scope. To correctly understand it it should be fully read.

There will be no good reason for any voter not being thoroughly familiar with the proposed Constitution by the time November 3 comes around. Thousands of copies of it will be available. It will be published in newspapers—including the Times-News—many times.

After the voters are familiar with the entire document we are certain they will support the adoption of it and vote "yes" for that adoption at the general election.

It is one of the most important decisions Idaho citizens have been called upon to make since the original—and now outdated—Constitution was adopted when Idaho was first formed.

RAY CROMLEY

A Matter Of Intelligence

WASHINGTON (NEA) — The recent air hijackings illustrate again what tremendou (and horrible) effects can be achieved in terrorist war by small groups of men:

The kidnaping and murder of diplomats and aid officials in Latin America.

The dynamiting of college buildings and the assassinations of a president and other noted men in the United States.

The assassination, mutilation and kidnaping of hamlet chiefs and other civilans and their families by the Viet-Cong in South Vietnam.

And, finally, the bombing of planes and the holding of hostages in the Middle East.

The Tet attacks of early 1968 were just such attacks, mounted in the main by men in civilian clothes who infiltrated into the cities in suicide missions, using supplies brought in piecemeal over a period of months.

(The weakness of Tet was that it "used up" an extraordinarily large proportion of the Viet Cong's supply of fanatics. As a result, the VC have not yet recovered from that "success.")

The ability of such small numbers to create such awful results tells us one thing about subversive insurgencies.

In the democracies it will be impossible entirely to stop men determined to kill.

The totalitarian countries accomplish this security (though not too well at times) by intricate informer systems.

Some member of a family is responsible for watching his family and from five to 10 families on his block or in his neighborhood. These informers report every coming and going—whom his families talk to, their activities, what they say. If a man has a pistol, the informer knows it. If he buys materials which could be used in making explosives (or for running a mimeograph machine), the informer knows it. If he has a visitor, the informer knows it. There are searches of homes and workshops at any hour of the day and night.

That system is obviously reprehensible to Americans and other free world peoples. It would turn us into what we are fighting against.

But there is a partial solution to the problem, nevertheless. Luckily, such dramatic suicidal acts require fanatics. There are not that many fanatics in a city, a nation or even in the world. (Not all people who talk like fanatics are willing to put their lives on the line when the chips are down).

When men are limited in numbers, it is possible to single them out. The weakness in our war against the Viet Cong asassin squads is a weakness in intelligence.

The weakness in our war against the Cosa Nostra here in the United States is also a weakness in intelligence. A shortage of intelligence is also what has made our diplomats and the world's airplanes easy victims to hijackers, saboteurs and assassins.

Though it is impossible to prevent entirely these terrorist acts, a comprehensive intercountry system of gathering information on known men and women so fanatical they would risk their lives on suicide-type deeds could reduce markedly the numbers of successful terror attacks.

It has been reported that one of the men who burned the giant Pan American plane was a professional who had been involved in two previous hijackings.

On the college campuses, whether the bombings are triggered by locals or visitors, there is evidence of a small but visible roving band of determined men and women willing to go to any lengths.

This statement does not claim that all college disturbances are caused by "outsiders." What it does assert is that, whatever the seed of the major violent disturbances of the past few years, a small group of well-known fanatics has moved from campus to campus to help foment or fan these eruptions. Some of these migrants have been demolitions experts. Some have experience in demolitions without expertise.

The point is that those willing to risk their necks in this sorry business of terror are few in number. They are like the repeaters in crime. They can be identified. They have few friends. Their organizations can be infiltrated.

They are a different breed from the "nut" hijacker who takes a plane to Cuba with no attempt to destroy the plane or the passengers — and no apparent political "mission." These nuts are impossible to identify or predict.

"I'm Your Stewardess, Miss Gray; Our Pilot Is Capt. Nelson and Your Marshal Is Mr. Dillon!"

GEORGE C. THOSTESON, M.D.

Curious Cause

Dear Dr. Thosteson: What causes endometriosis? Please explain treatments or cure. Would it be fatal if it went untreated? — Mrs. B.

To understand endometriosis, a disease of women in the childbearing age, you have to keep in mind the way the menstrual cycle works.

With each menstrual period, the endometrium, or lining of the uterus, sloughs off. Then a new lining grows, to be ready in case of pregnancy.

Sometimes some of the cells of the endometrium go wandering off to other areas. One generally accepted theory is that bits and particles of this tissue somehow work their way up through the Fallopian tubes and are deposited in the abdominal cavity.

Then such cells become embedded in the peritoneum, ovary, over the bladder, or in the bowel wall. Even though displaced, these cells react just as they would if they had remained in the uterus.

Keep in mind that it is the rise and fall of hormone levels which signal the proper time for the cells in the lining of the uterus to slough off, or to grow again. With endometriosis, the displaced cells try to do the same.

The principal consequence of this is increasingly painful menstrual periods.

What to do about it? Since the trouble subsides between menstrual periods, or when there are no periods (as in pregnancy), we have a clue to treatment. Pregnancy, for one thing, halts the discomfort — for as long as the pregnancy lasts.

However, endometriosis also can bring on infertility. And anyway, especially with our concern for over-population, a continuing series of pregnancies is hardly a practical treatment for the ailment.

However, hormones (as in birth control pills) can produce a pregnancy-like condition. Therefore they have become an effective treatment for this type of problem. (Fertility often is restored after six months or so of such treatment.)

Another way to stop menstrual periods is to remove the ovaries — in a word, surgical menopause. This is not a preferred method, of course, for young women who still hope to have children. In older women, however, especially if the discomfort has progressed considerably, such surgery would be considered.

Endometriosis is not fatal, and it is not cancerous, but if not treated it can become mighty uncomfortable.

Arthritis sufferers can be helped. Dr. Thosteson's booklet discusses many types of arthritis and related joint diseases as well as outlining effective treatments and medications. For a copy of "How You Can Control Arthritis" write to Dr. Thosteson in care of this newspaper enclosing 35 cents in coin and a long, self-addressed, stamped envelope.

Dr. Thosteson welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

ROBERT ALLEN AND JOHN GOLDSMITH

The Politicos

WASHINGTON — There is one aspect of the violence-lashed Middle East cauldron that could have far-reaching political repercussions in the U.S.

This factor — rarely mentioned publicly but potentially highly important — is what prominent politicos, especially candidates, are saying and doing about Israel.

In political quarters it is an open secret that Israeli partisans are keeping a close eye on that. They are particularly taking note of those who don't say or do anything — in behalf of Israel, of course.

That explains, for example, why day after day the Congressional Record contains numerous demands by Republicans and Democrats for economic and military support of Israel. Few of these pronouncements appear in the press or on the air.

Equally well noted is the failure to speak out — or evincing an unfavorable attitude toward Israel.

Rated foremost in that regard is Sen. J. William Fulbright, D-Ark., chairman of the Foreign Relations Committee and a leading opponent of the Vietnam conflict. The militant dove has consistently displayed a critical attitude toward Israel.

Also listed in that category is another leading dove — Sen. Mark Hatfield, R-Ore. Like Fulbright, Hatfield's name was notably missing from the bipartisan list of 79 senators who sent a joint letter to President Nixon early this month urging that more weapons, particularly phantom supersonic fighter-bombers, be sent to Israel.

Hatfield's close alliance with Fulbright on his anti-Israel stand was graphically shown when the latter sought to water down a proposal by Sen. Henry Jackson, D-Wash., to "provide on favorable credit terms the aircraft and other equipment necessary for the defense of Israel and the stability of the Middle East."

Jackson's provision was overwhelmingly approved 87 to 7. Two of the 7 voting against were Fulbright and Hatfield.

Two other front-rank doves who declined to take part in the bipartisan letter to the President were Sens. Edward Kennedy, D-Mass., and Eugene McCarthy, D-Minn. In 1968, as a presidential candiate, McCarthy, in a speech to a Jewish audience, strongly advocated massive U.S. support for Israel.

One of those who signed the letter but has otherwise said and done nothing is Sen. Edmund Muskie, D-Maine — who is waging the most unusual campaign of the 28 senators seeking reelection. The tall 56-year-old New Englander is busily running both for a third term and his party's 1972 presidential nomination.

MR. SPECTATOR

Little Joe Is Dead

Mr. Spectator received a note from Al Lampe, 611 Fourth Avenue East. We pass it on:

"Little Joe was a pet deer on the Jack Butler ranch in Rock Creek Canyon. He was my companion when fishing on the Butler property.

"He would follow me up and down the creek and every once in awhile give me a friendly nudge, if I did not give him enough attention.

"I sincerely hope the person who shot Little Joe (out of season) will realize the joy and pleasure he has taken away from so many of us who loved him."

GIVEAWAY DEPT:

Must give away a watch dog, half GermanShepherdandhalfLabrador Is a male and about a year old. Better for a watch dog than a hunter. Call 543-4847 or 543-5677 at Buhl.

Small dog to give away. Would be a good pet for the kids. Is housebroken and is now full grown. Call 536-2102 at Wendell.

GAS CONSUMPTION

Next time you complain because your old car is only getting 15 or so miles a gallon, just remember this:

The three-engine Boeing 727 jet consumes from two to three gallons of fuel per mile.

The Douglas DC-8 or Boeing 707, both utilizing four jet engines, consume from three and one half to five gallons a mile.

The Jumbo Jets, also four engine craft, consume from six to eight and one-half gallons per mile.

A THOUGHT

"You cannot run away from a weakness; you must some time fight it out or perish; and if that be so, why not now, and where you stand?" Robert Louis Stevenson said it.

ADVERTISING RINGER

A 70-year-old advertisement for rubber horseshoes that recently appeared in Field & Stream magazine set off a small stampede for a product that has not been manufactured for half a century.

The mixup occurred in the anniversary issue of the magazine, in which an early Goodyear ad was editorially reprinted to illustrate what advertising used to be like.

Despite the progress made in the art over the intervening decades by Madison Avenue experts, hundreds of readers failed to note the difference.

The magazine has been busy ever since returning money and writing personal letters of apology and explanation.

Advertising may not be what it used to be, but about that old gray mare . . .

PAUL HARVEY

Prevention

Can the solution be as simple as this?

Skyjackers have been diverting airplanes with increasing regularity: Last year 33 American planes went thataway; so far this year we're exceeding that rate.

And we have been considering all manner of fantastically complicated devices for disarming and disabling these characters.

Could the solution to that frightful problem really be as simple as this?

Arabs commandeered four jetliners, endangered hundreds, destroyed $50 million worth of aircraft.

Our nation's most bizarre skyjacking was when that guy from Arizona with a grievance against the tax man forced an airliner full of people to fly to Washington, D.C. where he demanded a $100 million ransom.

That one man with a small caliber pistol and a knife could commandeerthisplaneandorder its crew about in such a fictionlike manner —.

Maybe this latest climactic experience — both dreadfully dangerous and utterly humiliating — was what the experts needed to come up with an answer to this pox of piracy in the skies.

Heretofore, however, we have sought electronic devices for detecting weapons, we have considered suggestions as far out as requiring all airline passengers to disrobe for inspection.

Until along comes this suggestion so simple that when I telephone the ALPA, the Airline Pilots Assn., the safety expert on the other end could only reply with a long, low whistle.

The idea is not my own.

I, too, have been considering much more complicated countermeasures.

An associate professor at the University of Southern California, Chaytor D. Mason, and an Air Force safety officer, Maj. Robert Picard, advanced this proposal:

That if airliner flight crews had no voice link with the passenger compartment — and were sealed off by armor plate — airline piracy would cease.

Heretofore we've considered measures for intercepting skyjackers; this is a plan to discourage them.

Agreed, two-way communication between the flight deck and the cabin is desirable and convenient, but it is not indispensable.

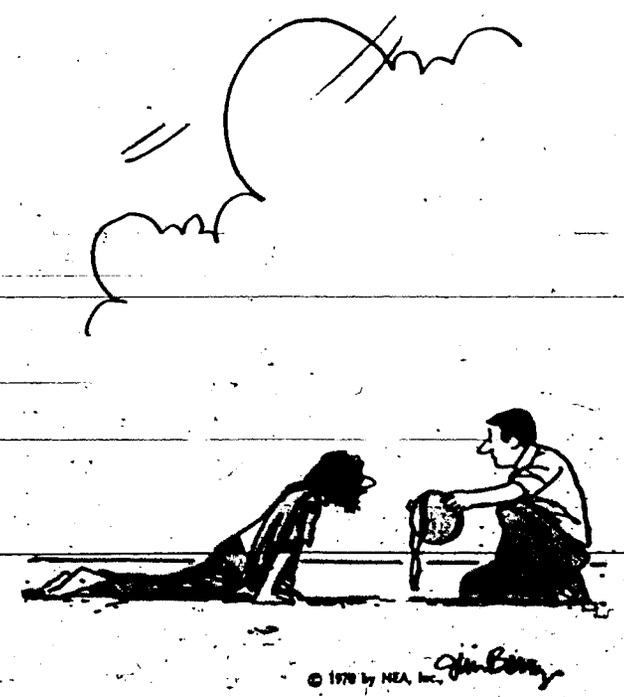

If we cut off that communication and armor plate the cockpit there is nothing a skyjacker in the back could say or do to divert that plane.

The command of commercial aircraft would thus be as invulnerable to kooks, crackpots and criminals as if it were inhuman, automated.

The logical question arises: Suppose some nut in the back wanted to destroy this airliner; the stewardess and passengers could not summon the captain for help.

The nut who wants to destroy an airliner is a separate problem.

BERRY'S WORLD

"First, tell me—how did we make out in the America's Cup?"

Governor Robins Buried

LEWISTON (UPI) — Quietly and with very little fanfare, Dr. C. A. Robins, Idaho's first four-year term governor, was buried Wednesday.

Robins, who died here Sunday at the age of 85, served as governor from 1947-50.

There was no sermon or eulogy during the services officiated by Rev. Charles May, pastor of the Episcopal Church of the nativity, and attended by a crowd of about 200 including Gov. and Mrs. Don Samuelson and former Gov. Charles Gossett.

Burial at the Lewis and Clark Memorial Gardens immediately followed the services.

Robins, a native of Defiance, Iowa, had been hospitalized almost continually for the past several months and had suffered a series of heart attacks in the past two years.

The longtime Idaho political figure was graduated from William Jewell college in Liberty, Mo., in 1970 and, after teaching school for several years, entered Rush Medical College at the University of Illinois in 1913. During his years in medical school he worked for the Chicago Daily News.

Following completion of medical school, Robins entered the army as a lieutenant in the medical corps in 1918.

After his discharge from the Army, he moved to St. Maries and went into private medical practice. Robins served as a general practitioner at St. Maries until he moved into the governor's mansion in Boise in 1947.

Robins also served in the state senate from Benewah County from 1939-46 and was majority floor leader in 1943.

In 1950 he sought the Republican nomination for the U. S. Senate but was defeated in the primary by the late Herman Welker.

Robins' survivors include his widow, Patricia, and three daughters.

Prior to his retirement in 1967, Robins served as medical director here of the North Idaho Medical Service Bureau. He also served as a physician for the state legislature.

FUSED PIECE of glass is all that remains of a set of fine crystal drinking glasses in the home of Dr. and Mrs. Robert Vertel, Oakland, Calif. Here they examine the remains following a brush fire which engulfed and destroyed their suburban home. Their home was leveled to its foundations. (UPI)

Actress Was Last To Die

LOS ANGELES (UPI) — Blonde actress Sharon Tate was the last to die in the bloody foray at her home because her killers wanted her to witness the other victims slain first, a witness at the Charles Manson murder trial testified Wednesday.

Barbara Hoyt, 18, a buxom brunette with thick horn-rimmed glasses, introduced one of the most damaging statements of the trial against the defendants by repeating a conversation she said she overhead about a month after the slayings.

Over the protests of the defense in a three-hour session in the judge's chambers, Miss Hoyt was permitted to relate an exchange she allegedly heard at the Spahn Ranch between defendant Susan Atkins and another member of the "Manson Family."

Deputy District Attorney Vincent Bugliosi asked the mini-skirted Miss Hoyt what Miss Atkins said on that occasion in September, 1969.

"Sadie (Susan Atkins) said Sharon Tate came out and said, 'What's going on here?' and Sadie said she told her, 'Shut up, woman!'

"Sadie said Sharon Tate was the last to die because she had to watch the others die first."

It was the first testimony in the 14-week-old trial concerning admissions about the killings except for the story of key state witness Linda Kasabian, who said she was at the Tate home the night of the murders.

Miss Hoyt testified earlier that three of the defendants watched a television news account of the slayings in a trailer on the Spahn Ranch the day after Miss Tate and four others were killed. She said they never watched any other news shows at any time.

Miss Atkins called in Charles "Tex" Watson and Patricia Krenwinkel and they watched the report on the Tate murders.

RR Strike Postponed

WASHINGTON (UPI) — Railroad and union negotiators, apparently near a settlement, agreed early today to postpone for two weeks a strike deadline over the issue of whether firemen should be used on diesel freight locomotives.

No one, including Labor Secretary James D. Hodgson, appeared fully satisfied with the progress made in a 13-hour negotiating session that lasted until 1:30 a.m. EDT today, but the clear indication was a settlement could be reached on the 11-year dispute within the two-week period.

Unlike past rail strike deadlines, no local union members staged wildcat strikes when the 12:01 a.m. deadline passed today, and rail lines reported operations normal.

The new strike deadline is 12:01 a.m. Oct. 8.

"I am disappointed that no settlement was reached," Hodgson said at an early morning news conference. "But I am appreciative of the fact that further opportunity for negotiations now exists without an immediate threat of a strike."

Chief railroad negotiator J. P. Hiltz Jr., was coatless and grim when he walked out of the conference room.

United Transportation Union negotiator H. Edward Gilbert, gripping a briefcase and looking for a taxi, said Wednesday's talks were "not satisfactory," but that he held hope for settlement in the new round beginning today.

At issue is the need for firemen on diesel locomotives. The union insists they are necessary to maintain safety standards. The railroads contend an engineer and a brakeman can handle all work in the cab and that the fireman issue boils down to little more than "old-fashioned featherbedding."

LOSE WEIGHT THIS WEEK

Odrinex can help you become the trim slim person you want to be. Odrinex is a tiny tablet and easily swallowed. Contains no dangerous drugs. No Starving. No special exercise. Constitution Vote To Be Separate

BOISE (UPI) — An attorney general's opinion said Wednesday the proposed constitutional revision should be placed on a ballot separate from two proposed amendments to the 1890 constitution.

Chief Deputy Attorney General Thomas C. Frost said the decision of the Supreme Court in Smith vs Cenarrusa — which held constitutional submission of the revision without a constitutional convention — "very clearly establishes that a revised constitution is distinct and different from an amendment to the existing constitution and constitutional or statutory provisions relating to one do not necessarily cover the other."

Frost also said the revised constitution "is novel in that one has never been submitted before to the state of Idaho" although amendments to the existing constitution have been submitted on occasion.

Frost told Secretary of State Pete Cenarrusa the statutory provisions which require placing amendments to the constitution as separate items are required as the procedure that will least likely confuse or mislead the voters. To place the revision on the same ballot with amendment to the existing constitution, he said, would cause confusion and uncertainty.

$2 Billion Gem Income Reported

BOISE (UPI) — Idaho's total personal income topped $2 billion for the first time in 1969, according to Lloyd D. Howe, industrial developer for Idaho's Department of Commerce and Development.

Howe said total personal income in Idaho increased $325 million between 1967 and 1969, which was a 15.3 per cent gain. He said at the same time the United States as a whole increased 16 per cent during the same period.

Howe said Idaho's per centage of increase surpassed those of Montana, Wyoming and Utah, but was less than those of Oregon, Washington and Nevada.

The oldest discovered shoe is an Egyptian papyrus sandal dating from about 2000 B.C., says the National Geographic.

Land Review Goals Said 'Commercial Exploitation'

PORTLAND, Ore. (UPI) — A review commission which suggests how management of federal lands can be improved is "clearly oriented toward maximum immediate commercial exploitation," the president of the Sierra Club declared Wednesday.

Phillip S. Berry, a young Oakland, Calif., attorney, made a sharp attack on the Public Land Law Review Commission's report at the concluding session of a public forum on the commission's work.

Berry said the commission is working on premises and assumptions which date back to 1920. He said the report "focuses narrowly on regional, state, and local interests, to which it gives priority, while relegating to second or third place the broad, national interests of the entire public."

Basic assumptions of the commission that a limitless ever-expanding economy, and unlimited population growth are here to stay "are wrong," Berry declared.

The one-third of the nation's land owned by the federal government should not be sacrificed to satisfy the archaic Chamber of Commerce cliche that "economic growth is necessarily always progress, necessarily always good, and necessarily always desirable," Berry said.

To conservationists progress cannot be measured in terms of economics, but in terms of improving the quality of life, Berry said, and clearly the assumptions of the report are "fundamentally at odds with modern conservation thinking."

Berry said the five-year study by the 19-member review commission "has a decidely economic ring" to it.

This was the first of four national discussion forums which will air regional reaction to the commission report which was presented to Congress this summer.

Reader Awards Listed

KETCHUM — Winners of the summer reading program for the Ketchum-Sun Valley Community Library were announced Tuesday by Mrs. Daniel Hart, librarian.

Mrs. Hart said special reading certificates and book awards were presented to the winners during a recent presentation party. Receiving the awards were Cathy and Betsy Brown, Alexis Hammil, Mary Kate and Ann Harding, Marcella Odmark, Ronda and Robert Bowlin, Jodie Stephens, Sheryl Evans, Don Gray and Wayne Clement.

Some 63 children participated in the program, "Exploring Western Trails and Rivers," which was geared to increase reading and comprehension among first through eighth graders.

The fall story hour is planned again this year for 4 and 5-year-old pre-school children. The hour has tentatively been scheduled for 10 a. m. Oct. 5 through 30, Monday through Friday. Mrs. Louis Mallane is in charge of arrangements.

A discussion is also under way with school authorities to finalize procedures for a joint library-Hemingway school "reading workshop" program which was initiated two years ago. The program has met with success among students and faculty in the past, she said.

Mrs. Hart also noted that arts and crafts books have been ordered with proceeds received from the Sun Valley Mall art show held recently in conjunction with the library-sponsored house tour. Patrons of the library are invited to view the new arts and crafts display in both the children and adult sections.

It was also noted that 884 books were circulated during the past month, and 35 added to the collection. Some 24 records were also circulated.

Mrs. Ralph Thomas, chairman of the Gold Mine committee, said more help is needed in marking the sorting merchandise in the thrift shop behind the library. The library board members agreed to donate three hours each during the next two weeks to complete the project. Others who wish to help should contact Mrs. Thomas.

There is a special need for quality merchandise for the shop at the present time, Mrs. Thomas said, although all donations are accepted. The shop provides the major source of financing for the non-tax supported library.

Books left from the book fair summer sale are now available at the shop at reduced prices.

THREE MONTHS of monsoon rains make going rough for armored personnel carriers of the 9th division of the South Vietnamese army operating in the swampy Mekong delta. In deep water, the armored vehicles float, making them vulnerable to attack and reducing their mobility. (UPI)

Pow-wows Set to Explain Paths For Indian Guides

TWIN FALLS — The YMCA Father and Son Indian Guide program will be explained at two orientation meetings this weekend.

The new film, "A Time For Feathers" will be shown, interpreting the objectives of Y Indian Guides.

These meetings are scheduled for Friday evening at 7:30 p.m. and Saturday morning at 10 a.m. at the YMCA-YWCA Service Center on Elizabeth Blvd.

Y Indian Guides is the YMCA's national program for boys in grades 1-3 and their dads. Each tribe is made up of 8-9 fathers and their sons. Boys may not attend meetings without their dad. Foster dads are arranged for boys who do not have a father.

The tribes meet twice a month in homes. Each month a tribe usually has a special event outdoors or with other tribes. "The important things in the life of the boys and his dad happen between meetings," Chet Bartlett, Y executive director pointed out.

"As big and little brave work together to plan for the next meeting they learn to work together and in many families, it is the first time that dad has given his full attention to son alone. The Y believes that this is a good foundation for the development of a good father-son relationship for the years ahead," he said.

Manager

BOISE — Mark Southworth, a native of Oakley, today has been named manager of marketing and distribution for International Recreation Corp., a Boise-based recreational vehicle manufacturer, reports Charles Q. Miner, president.

A third generation Idahoan, Southworth was born in Oakley, and was graduated from the University of Idaho in Business Administration in 1938. He worked for the state bureau of public accounts and the budget bureau and then as comptroller for A.H. Burroughs, Sawtooth Co., Talache Mines and Mesa Orchard operations.

He has been associated with the recreational vehicle and mobile home industry in Idaho for the past 12 years.

Demos Set Auction At Gooding Soon

GOODING — Democrats of Legislative District 22 have scheduled a fund-raising auction for 1 p.m. Saturday, east of the caution light in Gooding.

Antiques, machinery, autos, fireplace wood, riding gear, furniture and other items will be auctioned. Cooked foods and produce will also be offered.

The items are to be donated by members of the Democratic party for the occasion, according to Les Ruby, Fairfield, district chairman.

All proceeds will go toward the Democratic legislative fund for the three-county district, which comprises Camas, Gooding and Jerome counties.

Anyone having articles to donate should call Mary Goss, at Gooding; Grant Sollinger, Wendell; John Barton, and Di Bowler, both of Hagerman, or Mrs. Joe McCarter, Fairfield.

The articles will be collected by these people if desired, or those donating articles may take them either to the site no later than 10 a.m. Saturday, or to the home of Mrs. Goss anytime.

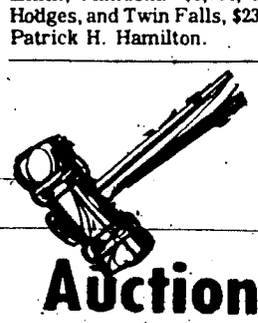

Hearing Set

CHALLIS — A public hearing is slated for 1:30 p.m. Oct. 16 at the Custer county courthouse in Challis on a Bureau of Land Management proposal that 786,000 acres in Custer county be classified for multiple use management.

Bond Sales Reported In Valley

TWIN FALLS — District sales of U.S. savings bonds totaled $53,718 during August, James S. Kinney, volunteer district savings bonds chairman, reported today.

Sales during the past month for District 3, which includes Magic Valley counties, and their chairman include Blaine, $3,193, Everett B. Taylor chairman; Camas, $1,869, Charles Scoggins; Cassia, $6,600, Gerald Y. Anderson; Gooding, $4,149, Adam Schubert Jr.; Jerome, $3,638, C.E. Harder; Lincoln, $4,056, D. Sid Smith; Minidoka- $6,764, Dean Hodges, and Twin Falls, $23,449, Patrick H. Hamilton.

Dinner Slated at Wendell

WENDELL — At the Monday night meeting of Idaho Rebekah Lodge No. 96, the group planned its annual harvest dinner and bazaar for Saturday, Oct. 17, from 5 to 8 p.m. at the IOOF Hall in Wendell.

The group voted to sponsor a Theta Rho sorority in the Wendell area, to be open to all girls from ages 10 through 18, with good character. Mrs. Tener said the members do not have to be affiliated either with the IOOF or Rebekah lodges.

Mrs. McCloud, district deputy president, presented a trophy to Mrs. Dale Bitterli, noble grand of the Rebekah Lodge, in honor of a record set by the lodge in traveling the most miles to visit other lodges during the past year.

Mrs. M.A. McCloud was elected first delegate to the state assembly at Lewiston Oct. 17-22.

DAV Units Set Dinner

BURLEY — Disabled American Veterans and auxiliary of District No. 3 will hold a potluck dinner meeting at the Burley VFW hall Friday.

Department officers and a national representative will be guests. All DAV members are invited and those attending are asked to bring a covered dish and their own table service.

News Of Servicemen

RUPERT — Capt. and Mrs. Walter Gale and children, Ft. Knox, Ky., spent the past 20 days visiting his parents, Mr. and Mrs. Floyd Gale, Rupert, and Mrs. Gale's father, Don Martinez, and other relatives in Rupert. Capt. Gale was graduated from flight school at Ft. Rucker, Ala., and is attending career school at Ft. Knox.

Television Schedules

Thursday, September 24, 1970

At 7 p. m. on channels 2B, 3 and 11, and at 8 p. m. on 5 — Movie "The Dirty Dozen". Lee Marvin stars as Army major Reisman, an iconoclastic veteran who's been ordered to whip 121 GIs into shape for a crucial mission.

District DOES Confab Set for Burley Oct. 2-3

BURLEY — The district DOES convention will be conducted Oct. 2 and 3 by the Burley DOES Chapter No. 206 at the Burley Elks Lodge.

Members will attend from Idaho, Utah and Montana. Final plans and committee reports were given during the regular chapter meeting Monday evening at the lodge hall with Mrs. Wayne Rogers, president, presiding. Mrs. Helene Coffey is serving as general chairman of the convention.

Committee chairmen include Mrs. Jim Easton, registration; Mrs. Charles Shadduck, and Mrs. Grant Saxton, reservations; Mrs. William Morrison, tote bags; Mrs. Wilburn Roberts, banquet; Mrs. Rogers, coffee hour; Mrs. Darrell Butcher, programs; Mrs. Ben Sprague, decorations; Mrs. LePage Layton, publicity; Mrs. Haven Gierisch, entertainment; Mrs. Jim Sidles, transportation; and Mrs. Serena Taylor, welcome committee.

The general theme of the convention will be "America, We Love You". Registration is scheduled from 2 to 6 p.m. Friday, Oct. 2. Refreshments will be served in the afternoon in the ladies' lounge, and a buffet dinner will follow at 6 p.m. with the theme "Welcome to the Wonderful West."

Dress will be casual or western. The buffet dinner and the 8 p.m. meeting are open to the public.

A "rise and shine" coffee hour is scheduled from 8 to 8:45 a.m. Saturday, with the general session to open at 9 a.m. for DOE members only. A seafood luncheon will be served at 12 noon Saturday under the theme "Do Your Thing for America."

The business session will continue in the afternoon, at which time new district officers will be installed.

The Saturday evening dinner will begin at 6 p.m., with decorations to carry out the theme, "Praise the Red, White and Blue."

The special honored guest during the convention will be Mrs. Maurine Poulos, Sarasota, Fla., grand lodge supreme president. A no-host breakfast is planned Sunday morning with the time to be announced at the Ponderosa Inn.

Activities also are being planned for husbands during the convention.

It was announced that a drill practice will be held at 8 p.m. Monday, Sept. 28, at the lodge hall, and at the same time committee chairmen will make a final report to Mrs. Coffey in the ladies' lounge.

Mrs. Margaret Toone of Albion, a DOE charter member, died Monday in Twin Falls, it was reported Tuesday. Funeral services were held in Albion.

Following the recent regular meeting, committee members worked on various projects for the convention, and refreshments were served.

Grange To Seat Officers

WENDELL — Melvin Gibson, newly elected master of the Orchard Valley Grange, announces that new grange officers will be installed at a joint installation meeting with the Pomona Grange Oct. 3 at 8:30 p.m. at the Gooding Grange Hall.

Officers include Mark Strickland, overseer; Mrs. Helen Orth, lecturer; Kirby Hill, steward; Howard Niccum, assistant steward; Verla Gibson, chaplain; Evelyn Strickland, treasurer; Merriam Hill, secretary; Omar Schmidt, gatekeeper; Elva Sutton, Ceres; Vera Kearley, Pomona; Marlene Stacey, Flora; Faye Niccum, lady assistant steward, and Frank Orth, first year executive committeeman.

Other scheduled events include Booster Night, Friday, at the Orchard Valley Grange Hall. This will be a potluck dinner and all members are asked to bring a guest. Slides of the White Clouds area will be presented by a forest service representative.

Mr. and Mrs. Howard Niccum were selected as delegates to attend state Grange at Lewiston on Oct. 27-30. Mr. and Mrs. Mark Strickling were named as alternates.

According to Mrs. Kirby Hill, secretary, beginning in October the meeting nights will be changed to the second and fourth Wednesdays of the month.

Orchard Valley will host the Pomona Grange on Sept. 28 at the home of Mr. and Mrs. Kirby Hill.

Auction Slated At Shoshone

SHOSHONE — A variety of vehicles including sedans, pickups, and trucks, snow plows, along with such items as field scales, battery chargers, vises, a propane steam cleaner, hand pumps and other items will be sold at public auction at 1 p.m. October 21 at the Idaho Highways Department District Headquarters Yard in Shoshone.

District Engineer Howard Johnson said a complete listing of all items is available at the district office in Shoshone or the equipment may be inspected on the morning of the auction.

The Almanac

By United Press International

Today is Thursday, Sept. 24, the 267th day of 1970 with 98 to follow.

The moon is between its last quarter and full phase.

The morning stars are Mercury, Mars and Saturn.

The evening stars are Venus and Jupiter.

On this day in history:

In 1869 the "Back Friday" panic hit Wall Street after financiers Jay Gould and James Fisk tried to corner the gold market.

In 1934 Babe Ruth made his last appearance as a regular player for the New York Yankees.

In 1955 President Dwight D. Eisenhower suffered a heart attack while vacationing in Denver, Colo.

In 1959 Eisenhower and Soviet Premier Nikita Khrushchev met at Camp David, Md.

A thought for the day: Eisenhower said, "In the final choice, a soldier's pack is not so heavy a burden as a prisoner's chain."

Burley Man Asks Blood Replacement Tuesday

BY GEORGIA LAYTON
Times-News Correspondent

BURLEY — Local residents are urged to support Tuesday's Red Cross Blood drawing from 10 a.m. to 2 p.m. at the Elks Lodge for some special reasons.

One is Darius (Duke) Gilman, Burley, an employe at the J.R. Simplot Food Processing plant at Heyburn, since March, 1961, who seeks replacement of 20 pints of blood he used during heart surgery in Salt Lake City's LDS Hospital.

He is currently carefully following his physician's recommendations to walk two miles daily to build up his strength so he will be able to return to work as soon as possible.

Other persons needing blood replaced are Susan Hepworth, 22 pints, and Norma Ward, eight pints. Quota for the Tuesday drawing is 150 pints, according to Mrs. Bob Halouska, county blood chairman.

Gilman developed symptoms of coronary artery disease in the summer of 1969 and in March, 1970, developed severe chest pains and was hospitalized for a coronary heart attack. Open heart surgery was later recommended and since Gilman had no friends or relatives in the Salt Lake City area the blood necessary for bypass open heart surgery had to be supplied by local donors called on by the LDS Hospital blood bank.

Persons who need blood replaced are urged to phone Mrs. S. H. Kunau, 678-7350 or Mrs. Halouska at 678-8759. Free babysitting will be furnished for the first time during the bloodmobile hours at the Christian Church, 1401 Oakley Ave., on the corner near the Elks hall. Women of the church will care for children.

Persons 18 to 21 years of age may now give blood without a written statement from a parent or guardian. Women of Zion Lutheran church will serve lunch to Red Cross workers at noon.

The canteen during the blood drawing will be operated by the Eighth Ward LDS Relief Society.

HE'S GRATEFUL FOR DONORS

MONTY L. SHOBE

HUSBAND OF Carol Shobe, Buhl, has enlisted in the Army for training in aircraft maintenance. He is taking basic training at Ft. Lewis, Wash., and upon completion will be sent to Ft. Rucker, Ala. for advance training.

Committee Okays Bill On Crime

WASHINGTON (UPI) —The House Judiciary Committee approved Wednesday President Nixon's bill to combat organized crime and terrorist bombings, including a last-minute revision he requested to authorize quick FBI action in campus bombings.

Chairman Emanuel Celler, D-N.Y., said some provisions of the crime bill he regarded as unconstitutional, such as preventive detention of some criminal suspects, were stricken from it.

Celler predicted the bill would pass the House "like a knife going through hot butter" in about two weeks.

Power Shortage in East Hits Worst Level in New York City

By United Press International

The power shortage that has plagued much of the eastern Seaboard for the past two days Wednesday reached its "worst level" in New York City with some sections completely blacked out.

Utility companies made urgent appeals to consumers to cut down on electrical usage and at the same time dropped voltages in at least five states.

To conserve power, a ball game scheduled for tonight in Baltimore between the Orioles and the Detroit Tigers was postponed until Thursday. The power shortage also darkened part of Capitol Hill and affected thousands of Washington residents.

New York Mayor John V. Lindsay said "the power crisis that has intermittently gripped our city this summer has reached its worst level today.

"Power has been shut off completely in some areas of New York already-and the peak demand period still lies ahead this afternoon."

Lindsay urged New Yorkers not to use electrical appliances unnecessarily.

First indication of trouble ahead came at 8 a.m. as temperatures again climbed toward the 90s when the Penn-Jersey-Maryland Power Interconnection announced it had dropped voltages by 5 per cent. The drop affected New Jersey, Pennsylvania, Maryland, Delaware, Virginia and the District of Columbia.

Consolidated Edison, the utility serving much of the New York metropolitan area, quickly followed suit with an 8 per cent drop.

In neighboring New Jersey, the state's largest power supplier began a "phase four" emergency, asking selected large industrial users to cut down on their use of power.

The Potomac Electric Power Co. declared a power emergency and reduced voltage to its 340,000 Washington area customers by 5 per cent.

In Baltimore, the Orioles-Tigers game was called off and will be played Thursday afternoon instead.

Highway Work To Cause Some Delays

SHOSHONE — Controlled traffic and some minor delays can be expected on state Highway 50, Heyburn, Burley and Salt Lake City interchanges, reports state highway department district engineer, Howard Johnson, Shoshone.

This project involves safety improvement work, flattening slopes and completing guardrail installations, and on US Highway 30, Burley west, work is progressing with crushing plantmix aggregate.

In the Shoshone-Jerome areas, the roadway is essentially complete on the state Highway 68 project from Corral to Fairfield. This was for a distance of 7.785 miles at a cost of $651,563.50 with Western Construction company, Boise, contractors. The work included construction of roadway, drainage structures aggregate base and bituminous surface treatment.

In Gooding county the rest area, port of entry, illumination and landscaping project on Interstate Highway 80N is complete with the exception of planting shrubbery and seeding. This will be completed during September, however. The rest area will be opened to the public with the opening of the roadway. The contract price of $358,717.95 was granted to Gary D. Jones, Burley.

Other projects in the Jerome-Shoshone area include one on state Highway 68 from the junction of US 93 and stockpile. The plantmix is about 50 per cent complete and should be completed this year if weather conditions are favorable Controlled traffic will be held with minor delays. This is in Elmore, Camas and Blaine counties, at a cost of $361,079 on a 21.104 mile stretch, with Bannock Paving Company, Pocatello, contractor.

The project that involves Highway 93 north and west of Shoshone, toward the Ice Caves north and toward Gooding west, is progressing with seal coating done on 10.3 miles on US 20-26 and 9.8 miles on US 93 north.

The contractor has started the plantmix overlay on 12.5 miles of US 93 and this will be completed in October. Ice Caves, north and south in this section of road. The contract for the roads out of Shoshone was for $427,686 and contractor is Holmes Construction Co., Heyburn.

The area south of Shoshone, US 93 to Newman's corner, is complete now with exception of minor cleanup and sealing. The distance was 7 miles at a contract price of $106,168 with Holmes Construction Co. doing the work.

A detour of about one mile can be expected within the week on the Interstate 80N, Wendell-Jerome road project. Excavating for interchange ramps and installing of pipes is being done. There are temporary traffic signals at the crossing at the Junction of SH 25 and SH 46.

WILD FLAMES consume an expensive hillside home in a swank residential area of the Oakland-Berkeley Hills not far from the University of California campus. At least 20 homes were destroyed and others endangered by roaring grass fires. (UPI)

Mideast Diary . . .

EDITORS: UPI correspondent Wilborn Hampton flew from Amman to Beirut Wednesday with a diary he kept during the civil war in the Jordanian capital.

By WILBORN HAMPTON

AMMAN, Jordan (UPI) — The cry of muezzins calling the faithful to six o'clock prayers drifts in the second story window of a white-washed stone house built on a steep hill where one of the guerrilla groups are headquartered.

It is Wednesday, Sept. 16.

A handsome young man sits behind a battered wooden desk, an empty soft drink bottle containing a cigarette butt on top of it. From a window, he motions UPI correspondent David Zenian and me past armed guards who tell us that there is no news conference that day and to go home.

He is smiling and relaxed, exuding confidence—unlike the brisk young revolutionary who had dealt with hordes of newsmen during the previous days of anxiety about three jet hijackings which netted the guerrillas 300 hostages.

Thursday, Sept. 17:

The war begins at 5 a.m. with the sharp reports of fire throughout the city. Dawn is breaking and red and white tracers streak across the pale blue sky like Roman Candles.

Within half an hour the fighting spreads around the seven hills of Amman in the general direction of the guerrilla camps.

The heavy thud of artillery is heard around the city followed by the boom of 75mm fire. Desert camouflaged armored cars crawl along the streets from the outskirts and the intensity of fire was frightening.

The hotel is hit by occasional fire and one 50mm shell slams through the bathroom wall of a room of the fourth floor tearing a gaping hole in it.

We spent most of the day crawling along the floors on our stomachs to try to see what is going on, then hastily crawling back to the corridor when a bullet chips some concrete off a balcony ledge.

By midmorning the electricity is out and by noon the water is off. In the afternoon the telephone lines in the city are dead and we are cut off from all direct communication.

Friday, Sept. 18:

At dawn, the heavy artillery again awakens us and within an hour the city is again ablaze with fire from all directions. Except today, there is more heavy stuff.

By midmorning the smoke from the firing completely envelopes the city.

For the third time in two days a major fight develops across the street from the hotel for an unfinished apartment house and several buildings nearby. A 106mm recoilless rifle rolls up on a jeep directly in front of the hotel and pounds away down the street.

The first shot shakes the hotel with its mighty force and everyone hits the floor. With each successive firing, glass flies from hotel windows and the front lobby plate glass windows are almost completely blown away.

As the fighting rages through the afternoon it becomes increasingly frustrating not to be able to get any news out. We all admit it is impossible for anyone here to know who is winning, or even if there is fighting in the city center itself.

Perhaps the army and the guerrillas know as little as we do.

Saturday, Sept. 19:

Throughout the night the army has moved columns of armor and men past the hotel toward the direction of town. Dawn finds two armored cars parked in the driveway.

Today is more of the same, running from this room to that to get a better vantage of the next place a firefight develops.

At the back of the hotel, on the north side, the garden drops to a deep valley and the upward slope of the other side is dotted with small stone houses, stairstep fashion. It is an area where many snipers operate.

We spot two men walking from one of the houses into the open. One carries an automatic rifle.

Sunday, Sept. 20:

The day begins as all the others. Heavy fire rumbles across the hills shortly after dawn.

For the first time we hear the wail of ambulances and fire wagons. Across the valley we watch two stretcher bearers carry one victim toward an ambulance.

Suddenly they are caught in a crossfire. They drop the stretcher and dive behind a small stone wall. It is maybe five minutes before the shooting dies. The two men rush back, grab the stretcher, fairly toss it in the ambulance and speed off.

Around noon, heavy guns and machinegun fire slams away in one district on the northern Webdeh Hill. Guerrilla leader Yasser Arafat's headquarters is in that neighborhood and it is obvious the army is attacking it.

In the afternoon the army lifts the 24-hour curfew for three hours on the southern hills and some of us walk into the streets which are almost paved with spent machinegun shells of various calibers.

After the curfew the fighting resumes on the same savage scale. From the radio we hear the fighting has mostly stopped in Amman. They should be here.

Monday, Sept. 21:

Like some inner clock, wired by an alarm of mortar and artillery explosions, I awake again at 5 a.m. Today the city is quiet.

For the first time since the war began five days ago, I hear a rooster crowing.

Throughout the day there is some scattered fire, both from heavy guns and machineguns. It is sporadic and the lulls are longer.

Wednesday, Sept. 23:

In the morning about 20 of us unload 6.5 tons of food the Red Cross has ferried in and then clamber aboard the plane to try to get the story of the devastation of Amman to the world. We pass under a regal photograph of King Hussein and cheer at takeoff.

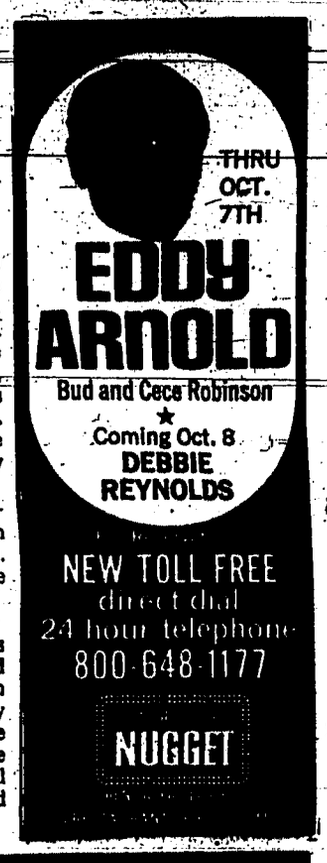

LILLIAN B. SHIRTS

. . . has been elected operations officer of First Security Bank, Twin Falls. Associated with the bank for 21 years, she was employed at the Hailey office for 20 years, transferring to Twin Falls as senior utility clerk a year ago. Her husband is in the insurance business in Jerome and they have a 12-year-old daughter.

American Camels

The camel is native to North America, not Asia as we might suppose. The camel family spread to South America and to Asia across an intercontinental land bridge that existed in prehistoric times.

Fund Request Asked

COEUR D'ALENE (UPI) — Three recommendations were presented Wednesday by the Idaho Water Pollution Advisory Council to the State Board of Health at the board's meeting here.

One of the recommendations was that the board submit to the budget director a request for $1.25 million for 1972 and a like amount for 1973 for deposit in a water pollution fund for sewer grants.

The council said it was making the recommendation because it believes the sewer grant program will be short $1.25 million in 1972, $2.5 million in 1973 and about $2 million for 1974.

The council also recommended that the University of Idaho be asked for research into development of a package waste disposal program small enough for individual homes and small communities.

The third recommendation was that the Board of Health seek an abatement order to eliminate effluents going into the American Falls Reservoir from the phosphate plants on the Portneuf River.

Dr. Lee Stokes, chief aquatic biologist for the state board's water pollution control section, told the board, "My concern is not just for the American Falls Reservoir because there is a possibility that that area could have algae blooms. But this could have the effect of protecting the quality of the water in the Snake River system."

Stokes said 80 per cent of the phosphate in the American Falls Reservoir comes down the Portneuf River and essentially all of that comes from the fertilizer plants.

The biologist suggested that the board begin working with the people involved on a solution to the problem.

During the afternoon the board and the Water Pollution Advisory Council toured lake Coeur d'Alene looking at possible pollution problem areas.

The State Board of Health meeting continues here through Friday.

Some of the great earthquakes of historic times occurred in Lisbon in 1775, San Francisco in 1906, Tokyo in 1923, Chile in 1960 and Alaska in 1964, according to Encyclopaedia Britannica.

Creation Of Park Opposed

BUHL — Twin Falls Pomona Grange members approved a resolution protesting the formation of a national park in the White Clouds area and favoring the multiple use concern at the monthly meeting at the Fairview Grange hall, Master Ed Harper reported Tuesday.

Another resolution, protesting the purchase by the county of voting machines, was adopted by a close vote.

It was announced the Twin Falls county Rose Drill team which performed at the state Grange session last year has been asked to perform at the national conclave Nov. 9-15 in Boise. Mr. and Mrs. Lanny Wall have been invited to be one of the three marching couples for the presentation of the seventh degree.

Mrs. Craig Dunlap, chairman of women's activities, announced prize winners in the contests her department sponsors. Class C — Mrs. Ruby Lionberger, first; Mrs. John Moyer, second; Class D — Mrs. Edith Knight; Class E — Mrs. W. R. Ward; Class G — Mrs. Jerry Eisenhauer, and Class H — Mrs. William Mallinson.

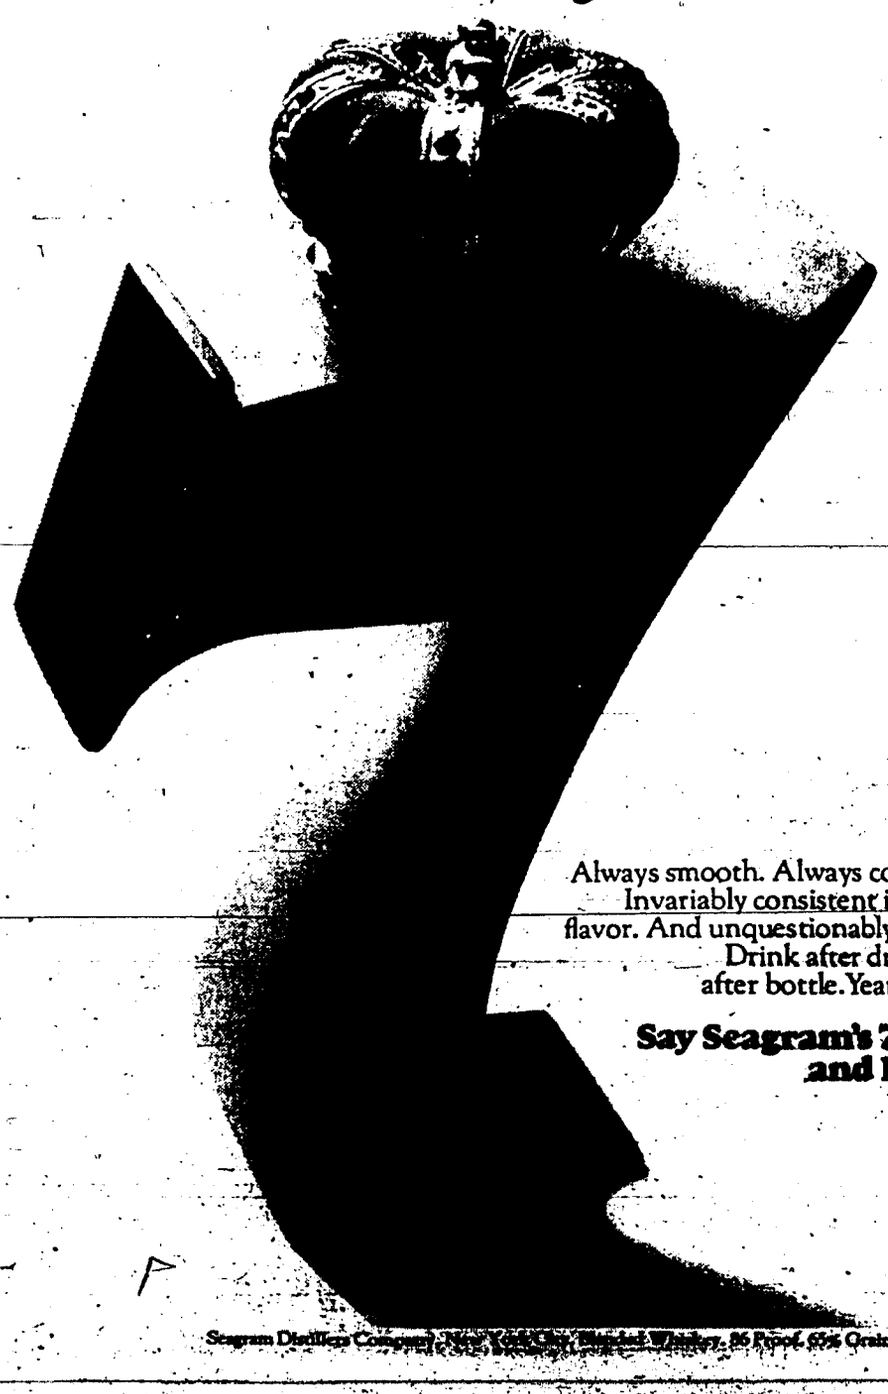

Awards for the state contest include Mrs. Marvin Ruhter, Filer, first in sewing; Elva Ritchie, first, and Brian Plott, second, rugs; Mrs. Laura Hash, Filer Grange, scrapbook; Ola McGregor, first, and Laura Hash, yearbook.

Iva Lehman, first; Mrs. Bertha Tilley, second; Rosemary Mathews, third, bread; Rosemary Mathews, first, and Mrs. Leland Hudson, second, cakes.

Lucerne Grange will host the Oct. 10 meeting.

It tastes the way you'd expect a great whiskey to taste.

Always smooth. Always comfortable. Invariably consistent in taste and flavor. And unquestionably satisfying. Drink after drink. Bottle after bottle. Year after year.

Gunman Kills 4, Himself

ALBANY, N.Y. (UPI)—A state worker returning from a month's sick leave went berserk with a rifle Wednesday, killing four fellow employes, all women, in the Labor Department building on the state's office building campus.

The gunman then killed himself with a bullet in the head.

The shootings occurred on the fourth and fifth floors of the building, housing the administrative offices of the Division of Employment.

Authorities indentified the gunman as Joseph W. White, 25, of Albany, a senior administrative analyst in the Division of Employment in the state Labor Department. The shootings occurred in the department's administrative offices, a five-story building.

Police said White brought the gun to work in a box wrapped with Christmas paper and tied with a big red bow.

The four women victims were secretaries. They were identified as Sandra L. Peterson, 24, of Amsterdam; Linda D. Willis, 21, of Waterford, and Patricia Chromik, 22, and Mary Ann Reinisch, 27, both of Albany.

Police were dispatched to the scene by a male caller who reported, "There's been a shooting in the Labor Department—and he's still shooting."

Employes in the building, about 3,000 in all, were sent home for the day after the shooting, according to capital police.

Arnold Proskin, Albany county district attorney, said White had been on medical leave and was reporting back to work for the first time in a month.

"It was apparently the man's first day back to work, he had come in this morning after a month of sick leave," Proskin said. "It was some kind of stomach ailment.

"He brought in a box with him, it was all wrapped up," Proskin said. "He opened the box, took out the rifle and began shooting. Why did he do it? The man is dead; it's impossible to say."

The weapon was described as a 30.06 Remington rifle.

Proskin said the man shot three young secretaries who worked in the same office with him on the fifth floor, then went down to the fourth floor where he shot the fourth victim and then shot himself to death in a stairwell on the second floor.

Proskin said White was not related to any of the victims.

GEORGE LEWIS, 59, of Seattle, will renew his acquaintance with "Ziggy," a 55-year-old Asian bull elephant at Chicago's Brookfield Zoo. Lewis was the elephant's keeper in April 1941 when Ziggy pinned him to the ground between his tusks as shown here. Since that day Ziggy has been confined in a concrete cage and chained to the wall. Lewis hopes to help raise $40,000 to build a new cage.-(UPI)

Nixon Bucks Ky Rally Appearance

WASHINGTON (UPI) —The Nixon administration is reported doing all it can to keep South Vietnamese Vice President Nguyen Cao Ky from attending a rally in Washington Oct. 3. War protesters continue to promise they will attempt a citizen's arrest of Ky if he appears at the rally.

Sen. Gordon L. Allott, R-Colo., after Republican congressional leaders met with President Nixon at the White House Tuesday, said "Everything is being done, every influence brought to bear to keep him from attending this kooky rally."

War protesters also were making their views on Ky's visit evident. Rennie Davis, one of the "Chicago Seven" and spokesman for an antiwar coalition, said Tuesday at a press conference "The day Ky lands in the United States there are going to be groups doing everything possible to place this man under arrest and bring him to trial."

another Ellis CANVENIENCE FOODS

Hijack Defense OK Seen

WASHINGTON (UPI)—President Nixon's plan to put 2,500 air marshals in the sky to thwart hijackers appears headed for certain congressional approval before Congress adjourns. Equally sure of enactment is the tax on airline passengers to pay for it.

The House Ways and Means Committee approved the measure Tuesday. The House could pass it next week and the Senate soon after.

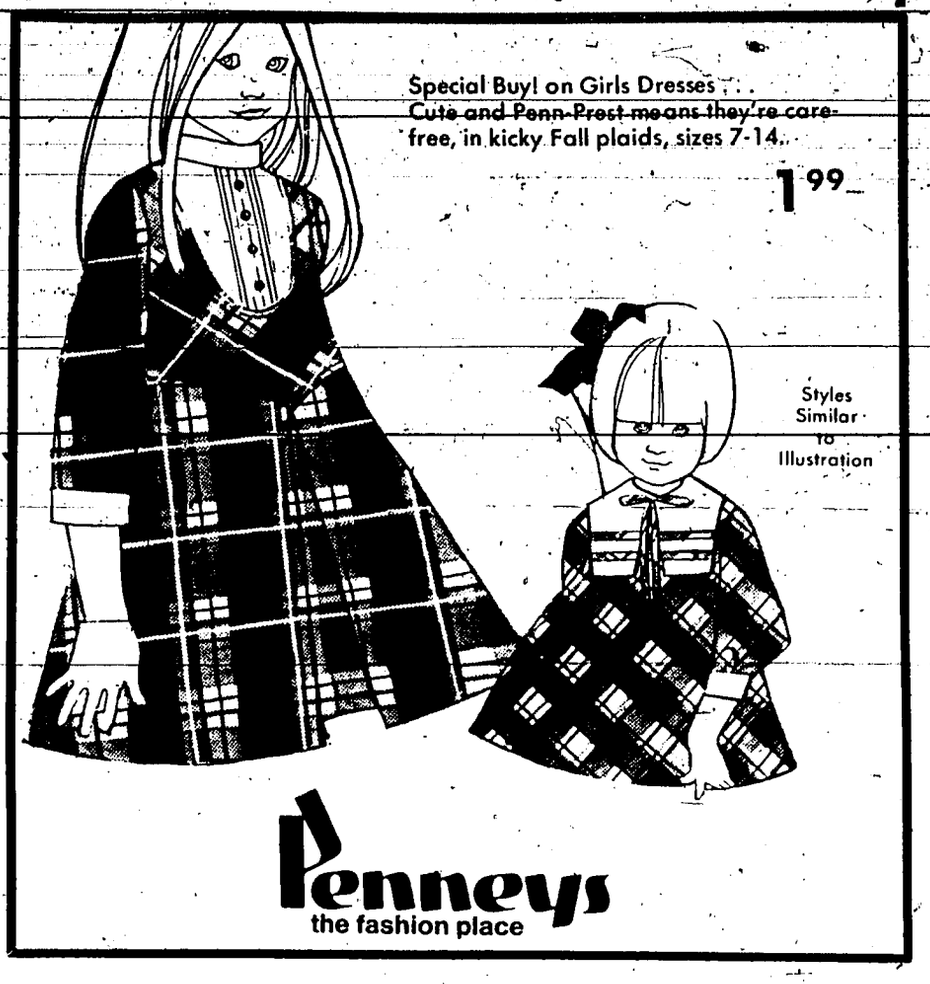

The House Foreign Affairs Committee, however, still was wrestling with a variety of congressional resolutions aimed at other measures to foil the growing number of hijackings. Witnesses from the Departments of Transportation and State were called to appear today.

The committee took testimony Tuesday from air transport and union officials, all of whom lobbied against imposing any new tax on users to pay for federal protection against hijackers.

When it came to concrete proposals for coping with air piracy, however, they were not quite so united.

Matthias E. Lukens, president of the Airport Operators Council International and deputy executive director of the Port of New York Authority, said his group supported armed guards "but only as interim measures until adequate international agreements have been reached.

Gen. Clifton E. Lukens, vice president of operations and engineering for the Air Transport Association, said, "What we can expect out of multination agreements is not too great. To be quite realistic, we will probably have to do what is done using our own unilaterial power."

Idaho Boom Due, Fortune Says

The intermountain region, including Idaho, is "poised for vigorous growth, and diversification," prompted by availability of high-quality cheap labor and the absence of urban hassle.

This is the view of the prestigious business magazine, "Fortune" in its September issue.

According to the article written by Jeremy Main, more and more blue-chip industries and service companies are "escaping" to the region's open spaces. It cites recreational developments such as the William C. Janss Dollar Meadow development at Sun Valley as typical of burgeoning growths.

The critical factor in the enthusiasm, according to "Fortune", is "the availability of good, cheap — and mostly unorganized — labor . . ."

"Fortune" finds a "hidden labor supply" in the Mountain States. This supply, which is bigger than work-force statistics show, consists of "people who have dropped out of the job market or who never entered it because the kinds of work available until now were unattractive."

The force includes people "thrown out of farm and mining jobs, farm wives looking for work outside the farm for the first time, and unemployed or underemployed Indians and Spanish-Americans."

Fortune cites a corporate survey showing a typical, decided advantage in labor costs over more industrialized sections — cheaper labor considering both productivity and pay.

But according to the article, as the degree of skill required rises, the number of available workers decreases along with the cost advantage.

As a result, most firms relocating in the Mountain States bring along their own management teams for top level jobs.

An additional factor considered by companies looking over the mountain region is the friendly welcome — along with concrete financial advantages — often extended to the newcomer.

Many of the new firms and people come from California, in what "Fortune" terms the "California bounce."

The person moving to California finds conditions there similar to those he left in the first place. He "bounces" back into the clear-air and friendly welcome of the Mountain zone.

Fortune, however, credits luck and the environment — not planning — for the mountain region's ability to avoid the most drastic forms of despoilation.

". . . Enlightened planning is still scarce in the land of the Rockies. So far the best ally of the environment has been the environment itself — the heaviest (and dirtiest) industries require more water and shorter plant-to-market distances than the Mountain Time Zone offers; they go elsewhere."

Newly developing environmental awareness, according to "Fortune," is finally "putting some checks even on old-fashioned all-out boosterism" by local residents who fear the disruptive effects caused by chaotic rapid development.

One of the first mountain states to grow, Colorado, is reportedly the one with the most doubts about the desirability of growing. Colorado has cut back missions to urge industry to move to that state, "Fortune" reports.

In contrast the magazine cites the rapidly changing skyline of Boise where Boise Cascade Corp. and Morrison Knudsen are building their new world headquarters offices.

Where else can businessmen "mention the possibility of killing a deer, catching a trout, skiing, and golfing all in the course of one day, should anyone want to relax that frantically."

Times-News

Times-News, Twin Falls, Idaho Thursday, September 24, 1970

CHECKING over details for the Jehovah's Witnesses area convention, scheduled this weekend at the Twin Falls High School are Vernon Shaw, left, presiding minister of the host congregation, and Jack Grammer, Wendell.

Bond Passage Hints Offered

BURLEY — Deon Fowles, Sacramento, Calif., spoke to the American Water Works Association convention this morning in Burley on "How to Successfully Pass a Bond Election."

Fowles is with the Cast Iron Pipe Research Association as regional engineer. He also is a former Burley resident.

He told the group his firm has prepared a booklet, outlining step-by-step on what needs to be done to successfully pass a bond. This booklet was set up for utility bonds.

He said utility managers across the nation are called upon to oversee the elections and they have a fulltime job keeping the utility firm operating. Some of the primary guidelines are who to contact in the community to do volunteer work on an election, getting information to the public problems of the utility as it stands presently and what would be obtained with addition.

He stressed on giving a thank you to all workers if bond election is passed or not.

Others speaking this morning were Dr. Jay Bagley, director for Utah Water Research Laboratory, on water research, and Kenneth D. Newman, Burrows, Smith and Co.

This afternoon, a golf tournament was held as well as tours of the Burley area. Tonight a social hour and banquet are planned. William Dunn, Murray, Utah, association trustee, will be emcee. Five awards also will be given tonight. Election results will then be announced.

Friday morning general sessions will resume with committee reports and Dr. Robert Lee, director of the Idaho Water Resource Board, Boise, will speak on water and sewer planning in Idaho.

The convention ends Friday noon.

TOM McDONALD . . . Twin Falls, was chosen president-elect of the Idaho Consumers Finance Association at the group's meeting at Sun Valley.

Rap Fails To Appear

NEW ORLEANS (UPI)— Black militant H. Rap Brown Wednesday failed to appear in federal court to be resentenced for violating the federal firearms act.

U.S. District Judge Lansing Mitchell revoked Brown's $15,000 bond and said that if Brown should ever be arrested in the United States, his bond will be set at $100,000.

Brown was convicted two years ago of illegally taking a carbind across state lines. He was sentenced to five years in prison and a $2,000 fine.

Brown disappeared March 7, 1969, two days before a dynamite blast killed two of his associates near Bel Air, Md., where he faces charges of arson and inciting to riot.

Circuit Meet Opens Friday

TWIN FALLS—Jehovah's Witnesses from throughout southwestern Idaho will gather this weekend in the Twin Falls High School, Vernon Shaw, presiding minister of the local congregation, said today, with 1,000 persons expected to attend the main lecture Sunday.

It will be delivered at 3 p.m. by R. J. Dixon, district supervisor, on the topic, "Who Will Conquer the World in the 1970's?"

Sessions begin at 6:45 p.m. Friday with opening comments by Francis Scharfen, Boise. Dixon will set the conference theme, "The Word of God Is Alive" and proceed with a program which will serve as a model for the "Ministry school," Shaw said.

This is a weekly training session on teaching technique and public speaking which each local congregation arranges.

A symposium on the home missionary style of ministry practiced by the denomination is also planned Friday night on the theme, "And You, in Turn, Are to Bear Witness." This will be presented by J. D. Shaw, Twin Falls; Kenneth McKinney and Jack Grammer, both Wendell, and Harry Stradley, Heyburn.

Saturday's schedule includes a baptism-ordination service at 9:15 a.m. and a program at 7 p.m. to set goals for the next six months. Delegates will spend time Saturday and Sunday calling on residents and inviting them to the sessions and speaking briefly on a Bible topic.

Shaw said the public is welcome to attand all sessions and no collections are taken at such gatherings of Jehovah's Witnesses, or admission charged.

Magic Valley

Joint Library Effort Pushed

TWIN FALLS — Regional cooperation to provide adequate library services for communities of all sizes appears to be the goal toward which officials in Magic Valley are aiming, Robert Bruce, Twin Falls Public librarian said Thursday.

In evaluating the Mayor's Conference on Libraries held in Twin Falls, Bruce said he feels this type of meeting in which those interested in libraries can get together to compare problems and needs can go a long way toward providing improved services.

Mayors, community leaders, college, elementary and high school librarians as well as public librarians met in Twin Falls Tuesday night to discuss library needs.

Bruce said seven mayors attended the conference. Some 118 persons at the conference included a large number of community leaders and interested persons other than librarians and library trustees.

"This is most encouraging and shows us there is a genuine interest in our communities in providing good library services," Bruce said.

Many smaller communities do not have adequate services and the librarian said their leaders are aware of this. Funding and in many cases lack of adequate building facilities are holding back most library centers. Regional cooperation could be the answer here, delegates agreed in the conference session, Bruce said.

State Librarian Helen Miller and Gaylin Fuller, president of the Idaho Library Assn. and librarian at Ricks College, addressed the conference. Six discussion groups were formed to air specific problem areas and to make recommendations and reports.

Bruce said another governor's conference on libraries is planned in November and may result in a call for further mayor's conferences such as the one held in Twin Falls.

Ketchum Rate Measure Asked

KETCHUM — The final sewer rate ordinance for Ketchum has not been adopted as was reported in Tuesday's Times-News, according to City Attorney, Steve Boller.

Boller said the ordinance will be drafted for final consideration during the next regular council meeting Oct. 5 and noted that area sewer users will not be able to find out the actual monthly charges until after that meeting.

The ordinance was reviewed and corrected during the Monday meeting of the Ketchum city council.

Lawsuit Dismissal Requested

TWIN FALLS — Motion for dismissal of a $52,500 damage suit against a Twin Falls County accountant has been filed in Fifth District Court.

The motion filed by Howard Jewell, attorney for the defendant Elmer W. Wilson, asks dismissal of the case brought against the accountant by former Buhl justice of the peace, Karl R. Lewis on grounds the action fails to state any causes or claims on which relief can be granted.

Lewis, who faces charges of misuse of public funds brought against him by the county, filed the personal damage suit against Wilson who audited the county and Buhl city books and is a key in the county's case against Lewis. Because the damage suit was filed just before the Lewis trial was to have opened in Emmett, Judge Gilbert Norris disqualified himself to hear the case.

The case against Lewis has been rescheduled for the Sixth District Court before Judge Gus Carr Anderson, Pocatello, sometime after the first of the year.

Demo Official Raps Inspection Statement

By MYRTLE SCHRENK
Times-News Correspondent

FAIRFIELD — Les Ruby, Democratic Legislative District 22 chairman, stated in Fairfield Wednesday that Republican State senatorial candidate Lee Barron is giving only a part of the picture of the meat inspection problem which Idaho now faces.

Ruby said the public is entitled to all of the facts in this situation.

Barron is actually criticizing people of his own party. The Idaho meat inspection bill passed the house of representatives with 29 Republicans voting yes, six voting no, and three absent. In the senate it had majority party support of 12 yes, three no and five absent.

Every Republican legislative leader including Speaker Lanting and President pro-tem Jim Ellsworth voted for the bill. The measure was signed by the Republican governor and has been administered by a commissioner of agriculture, Stanley Trenhaile, who is an appointee of the present governor.

The packing industry, including several of the independent packers in this area requested the legislature to pass the state inspection law. They reasoned, Ruby said, they would have more influence with the state officials than with the federal inspection service.

"They failed to realize that autocratic and bureaucratic actions are just as ruthless and just as senseless coming from a state officer as from a federal employee," he declared.

The federal Congress has already changed several of the meat inspection requirements and the Idaho law can now be corrected within these limits by action of the Idaho Legislature. Sen. Don Fredericksen has worked diligently with the meat packers of his counties. He and other incumbent legislators have prevailed upon the commissioner of agriculture to leave a tolerance in the inspection of the small independent custom packers until the legislature can meet and make changes upon the basis of the new federal laws.

Brothers Wounded In Gun Mishaps

WENDELL — Two Wendell youths were wounded by gunshots in widely separated incidents Tuesday night and Wednesday afternoon, but neither was believed hurt seriously, according to Gooding County Deputy Sheriff James Burke.

In an unusual coincidence, three brothers, David, Michael and Bruce McKay, sons of Claude Strain of Wendell, were involved in the two mishaps; though only Michael suffered an injury.

In the first accident, Burke said, Faylin Finch, 19, was rabbit-hunting with David McKay, Mark Swinson, and Dewey Conyors north of the Wendell city dump Tuesday evening. The boys' .22 caliber pistol jammed, but discharged while Finch was attempting to repair it.

The bullet hit his left ankle and lodged in his leg. The youth was taken to Gooding Memorial Hospital where the bullet was removed. He was released after treatment.

In Wednesday's incident, Michael T. McKay, 16, was shot in the left hand by a pistol. Burke said the incident happened on a farm south of Wendell. The McKay youth found his two-year-old brother, Bruce McKay in a bunkhouse playing with the pistol.

As he tried to take the weapon, it discharged into his hand, the deputy said.

It was not determined where the McKay boy found the pistol, Burke said.

McKay was treated by a physician in Wendell.

Richfield Boy Named 4-H Winner

RICHFIELD — David Ross, son of Mr. and Mrs. Glenn Ross, Richfield, has been named state 4-H winner of an all-expense paid trip to the National 4-H Club Congress in Chicago in November.

David was named a state winner for his photography work. His trip will be sponsored by the Eastman Kodak Co.

He is a junior at Richfield High School and for the state contest, he submitted posed portraits, animated portraits, flash and copied portraits.

Largest Meteorite

Largest meteorite ever discovered on the mainland of North America is Bacubirito, with an estimated weight of 27 tons. It was unearthed in northern Mexico and still lies in the same spot.

Pilots Arrive For Sessions

SUN VALLEY — About 100 members of the National Pilots Association began arriving today for the NPA's Holiday Fly-In at Sun Valley.

The event will open Friday noon with a luncheon roundtable during which Robert Reynolds, Federal Aviation Administration assistant administrator for General Aviation Affairs, will discuss aviation problems and prospects from the national point of view.

Michael Loening, son of NPA's honored guest, Grover Loening, and also a nationally famous racing pilot and mountain flying expert, will lead a seminar on wilderness and mountain flying techniques at 2:30 p.m. Friday. Panelists will include Chet Moulton, Idaho director of aviation; Jim Larkin, chief pilot, Boise National Forest; Jim Prendergast, chief, Boise General Aviation District Office, FAA; Bob Franklin, chief flight instructor, Monlin Aviation; Eldin Downs, U.S. Forest Service; and Warren Ellison, chief Pilot, Albertson's Food Markets.

Honored guest for the fly-in, which concludes Saturday night, is Grover Loening, inventor of the flying boat and a member of aviation's Hall of Fame. He will be keynote speaker during Saturday's concluding banquet.

Sidelights for the fly-in will be breakfast flights at 7 a.m. Friday and Saturday to various wilderness areas. A special skydiving exhibition is also planned for the Saturday luncheon.

"Build your Own Airport" will be Moulton's topic during the Saturday seminar at 4:30 p.m., which will be followed by the 8 p.m. dinner.

Air Crash Victims In Good Condition

SUN VALLEY, Idaho (UPI)— Three Californians hospitalized following the crash of a Cessna 182 Monday were listed in good condition at the Sun Valley Hospital today.

Bill Hansen, hospital administrator, said Mr. and Mrs. Gordon Griffith, Los Angeles, and Raymond Clayton, Thousand Oakes, were in good condition.

A fourth passenger, Dick Rosiejka, Thousand Oaks, was treated at the hospital for lacerations and released.

The small airplane crashed and burned just after it left a dude ranch on the upper Lost River known as Devils Bedstead.

DISTINGUISHED GUESTS attending the Mayor's Conference on Libraries Tuesday evening at the Twin Falls YMCA included, from left, Twin Falls Mayor Frank Feldtman; Robert Ballelsen, Twin Falls, master of ceremonies for the meeting; Miss Helen Miller, Idaho state librarian; Gaylin Fuller, keynoter and president of the Idaho Library Association, and Marguerite Laughlin, Moscow, chairman of the state library board.

Strong Economy Seen Housing Aid

BY LIZ BOLTON
Times-News Correspondent

SUN VALLEY — "The basic challenge facing the National Association of Housing and Redevelopment Officials (NAHRO) today is to keep the nation's economy moving so there will be resources to channel into public housing and city renewal projects."

That is the contention of Robert Maffin, executive director-designate, NAHRO, who addressed the opening luncheon for the Pacific Northwest regional council (NAHRO) biennial conference here Wednesday.

About 350 delegates from Idaho, Alaska, Washington, Oregon, Montana, Utah and Wyoming are attending the conclave which will conclude Friday following election of officers.

Maffin said there exist problems in modernizing production machinery to respond to the "now" needs of people, including housing, education and employment. He explained that institutions, such as NAHRO, are concerned with protecting the institution, not with delivering the solution to the needs of the people. "We must help develop an institution responsive to these needs," he said.

Speaking Wednesday morning was Eneas Kane, national president of NAHRO. "One of the most prominent benchmarks ahead for NAHRO," he said, "is combining talents and resources of the young, the minority groups and the experienced practitioners to make the institution more effective in serving the people."

Another benchmark may be the organization of a "NAHRO Information Center," a satellite corporation which exists on paper. The primary purpose of the corporation, would be to educate or inform, with five per cent of the budget being used for legislative activities, Kane said.

Held in conjunction with the regular NAHRO meeting, and co-sponsored by the Association of Idaho Cities Wednesday morning were seminars on federal assistance programs in housing and renewal. Russell Dawson, director, Portland Area HUD office, led the discussion for communities over 5,500; and Donald Winder, Idaho State Director, FHA, led the discussion for the communities under 5,500.

Today, business sessions continued with Richard Jones, executive director, San Antonio Housing Authority, the opening speaker. His topic was means of bringing people into planning and management.

Also speaking were James Braman, director of community development, Seattle, and Louis Michaelson, director of Tenant and Community Services, Seattle Housing Authority.

Norman Watson, acting assistant secretary for Renewal and Housing Management, HUD, addressed today's luncheon. His topic was "HUD and the Nixon Administration."

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—Glamor stocks paced a broad advance he New York StockExc hange Thursday. Turnover was heavy.

As trading turned the halfway mark, the Dow Jones industrial average was ahead more than 4½ points. More than 975 issues were in Forward gear, while only 281 retreated.

A three-hour turnover of around 12,000,000 shares was running about 2-million shares ahead of Wednesday's pace.

Among the day's strongest spots were Burroughs and Memorex up 8¾ and 7¼, respectively.

A spokesman for Burroughs said he knew of nothing specific to cause the stock's sharp rise. But he noted that a British service bureau and computer softwar concern had placed an order for a $1.2 million data processing system.

Walt Disney rose about 6, with IBM up 4⅛, Superior Oil 3, University Computing 3¼, Xerox 2⅜, and Polaroid, Control Data and National Cash Register a point or more each.

Successful Investing

By ROGER E. SPEAR

Q) I have 136 shares of Faberge for which I paid $35 per share. I would appreciate your opinion as to whether I should sell or hold the stock. I can afford the loss. L.M.

A) Competitive pressures and rising marketing costs have been partly responsible for Faberge's relatively unimpressive earnings performance in recent years. This in turn has adversely affected the issue's stock market appraisal. While sales for the first half of 1970 managed to show a slight gain (1.1 per cent year-to-year, net income was off 24.4 per cent. Heavy advertising and promotional costs plus tight credit conditions are expected to continue to cut into margins.

And although increased volume and various product price hikes will aid results as the year progresses, company faces strong competition in major product areas. Selling at approximately 9 x 1970's earnings estimates, shares have little appeal at this juncture. Switch to better-acting Avon in the same group.

Q) I would like to know your opinion on whether to hold Iowa Beef Processors for recovery or to sell. C.C.

A) An innovator in the meat packing industry, Iowa Beef grew rapidly through the 60's. However, a protracted 227-day strike severely restricted fiscal 1969 earnings. Settlement of this strike was not achieved until early in April of the current fiscal year, which will end October 31. Therefore, first half results continued to be affected and earnings reached only 4 cents a share down from $1.01 in 1968. Nevertheless full-year income is expected to surpass the depressed $1.53 a share reported in 1969. Profit margins will be adversely affected by increased labor costs and probable higher feed corn prices as a result of crop losses this summer.

However, Iowa is placing increasing emphasis on the more profitable area of precut and prepackaged meats as well as institutional markets. While share recovery reflecting earnings improvement is probable, a return to the excessive price earnings multiples of the late 1960s is highly unlikely.

Mr. Spear cannot answer all mail personally, but will answer all questions possible in his column.

Wall Street Chatter

NEW YORK (UPI)—The housing industry is ready for "sustained recovery" once the supply of mortgage funds eases, and long-term investment portfolios should have stocks in this group, according to Hornblower & Weeks-Hemphill, Noyes. At the same time, the company says that on a short-term basis many such issues have had "good recoveries" from their spring lows and "could therefore be subject to profit taking." Thus, it adds, such stocks would be particularly attractive on any weakness during "a corrective phase."

The pollution control group of stocks "has rallied with vigor because of all the publicity about the battle against pollution," Walston & Co. observes. It also points to the housing group of stocks as having "appreciated smartly" on the idea that easier credit will provide "a lot more mortgage money." Another group of significance is the one comprising crime prevention and crime control stocks. With the enormous proliferation in crime, it would seem that crime prevention issues could gain still more popularity," Walston says.

Investors are in a better mood and no longer fearful of a credit crisis, thus stock market behavior in the immediate future "is likely to be dominated by news developments," Argus Research Corp. says.

Business Today

By DEAN C. MILLER
UPI Business Editor

NEW YORK (UPI)—Vern Sielert of Westport, Conn., a safety engineer recently transferred from Los Angeles, put off buying a new car after looking at the inflationary spiral and high interest rates. Instead, he outfitted his 1965 station wagon with new brake shoes, a fuel pump and a paint job.

Mike and Joann Friedman, New York publicists, wanted a 1970 foreign car for weekend transportation to golf and ski resorts. They finally decided to fix up the 1963 sedan with a new exhaust system and shock absorbers and make do for another year or two.

Gene McLoughlin, a management consultant from Glen Ridge, N.J., was ready to sell two old cars and replace them with one new one. Instead, he repaired them.

Slump Benefits Some

People like the Sielerts, Friedmans, and McLoughlins are why companies like Maremont Corp., Arvin Industries, the Walker Division of Tenneco and Questor Corp. actually are benefitting by the slump of new car sales. They make up a good segment of the auto "aftermarket industry" which manufactures the replacement parts needed to keep older vehicles on the road.

A special report by Maremont forecasts a five per cent jump for the aftermarket in 1970. that would hike the industry's volume to a whopping $11.5 billion this year. It's expected to hit $14.7 billion by 1975.

When the "average" car reaches i s second birthday it starts ı eeding replacemen parts. Almost 62 million of the 105 million autos on U.S. highways today are between two and 11 years old, thus making two out of every three cars ripe for one or more aftermarket products.

Produce Prices

50-Year Observance Slated

MR. AND MRS. HOWARD RODGER

TWIN FALLS — Mr. and Mrs. Howard Rodger will observe their Golden Wedding Anniversary with an open house from 4 to 8 p.m. Sept. 27 at 2053 Sherry Drive.

All friends and relatives of the couple are invited to attend, and they request no gifts.

Mr. and Mrs. Rodger were married Sept. 30, 1920, in Primghar, Iowa. They settled in Milner in 1921 and later moved to Twin Falls. They have two daughters and six grandchildren.

Mr. Rodger is a veteran of World War I, serving in England with the British Royal Air Force. He retired from the Idaho Power Co. in 1965.

The couple's daughters, Mrs. Leeland Small, Redwood City, Calif., and Mrs. Don Everton, Twin Falls, and granddaughter, Mrs. Dennis McDonald, Las Vegas, Nev., will co-host the event.

Literary Group Has First Meet Of Fall Season

TWIN FALLS — Members of the LeLivre Et La Plume Literary Arts Society met at the home of Mrs. Edgard Dutry for the first meeting of the fall season, with Mrs. Jess Summers reviewing the book, "The Woman in the White House," by Marianne Means.

Officers for the year were introduced and include Mrs. Gordon Cox, president; Mrs. Jerry Holman, vice president; Mrs. Dell Timpson, secretary; Mrs. Burt Huish, treasurer, and Mrs. Frank Uhrhan, publicity-historian.

The guilded thought was presented by Mrs. Holman and the author's sketch by Mrs. Allen Bastow. Mrs. Don Williams was a guest.

Co-hostesses were Mrs. Holman, Mrs. Larrey Anderson and Mrs. Edgard Dutry.

CowBelles Plan Conclave

ALMO — Mrs. Wesley Ward hosted the Mini-Cassia CowBelles Association meeting Tuesday afternoon at her country home where discussion was held on the state convention set for Nov. 30 and Dec. 1 and 2 in Boise.

Mrs. Shirley Estes, president of the association, presided and Mrs. Hylak Beaver led the prayer. The group discussed ordering more placemats and historical cookbooks.

Women's Section

Magic Valley Favorites

MRS. W. D. MARTINDALE
Box 451, Hailey

PEACH LEATHER

Measure one-half cup sugar for each pound of peeled, stoned peaches (about two cups firmly packed). Put the fruit and sugar in a preserving kettle. Bring slowly to a boil and simmer until most of the moisture from the fruit has cooled away, mashing the peaches to a smooth paste as they cook.

Spread in a thin sheet on plastic wrap or oiled cookie sheet or platter. Put the paste in the sun until thoroughly dry on both sides, turning over to dry.

When dry, roll the paste up, wrap it in cloth and store in cool dry place.

Fruit leather, sometimes called fruit roll, may be melted in hot water and used as a sauce or glaze. Apricots, strawberries and other fruits and berries can be substituted for the peaches.

This is a quick energy treat for lunch boxes and to take hunting, fishing and skiing, and also for Christmas giving.

The Times-News will pay $5 each week for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned

Gale McRoberts, Rick Pruett Recite Vows

RICHFIELD — The marriage of Gayle Ann McRoberts, daughter of Mr. and Mrs. Fred McRoberts, Richfield, and Rick Dale Pruett, Buhl, was solemnized Sept. 13 at the Assembly of God Church, Shoshone. The bridegroom is a son of Mr. and Mrs. Arnold Pruett, Buhl.

The double ring ceremony was performed by Rev. Duane Gunderson of the Buhl Assembly of God Church, assisted by Rev. Wesley Johnson, Shoshone church pastor. The couple stood before an arch decorated with yellow gladioli and ivy.

The bride, escorted by her father, was gowned in white satin with lace flower appliques on the bodice, lily point sleeves, and a lace train extending from the shoulders to the floor. Her full-length veil of silk illusion was held by a satin band embroidered with seed pearls and sequins. The wedding gown was made as a gift to the bride by her grandmother, Mrs. Maine Wright, Buhl.

Yellow rosebuds formed the bride's cascade bouquet carried on a white Bible, a gift from the bridegroom.

Mrs. Wesley Johnson played the wedding music and was accompanist for a vocal quartet, Arlene Garrison, Kathy McCandless, Bill Buckendorf, and Bob Buckendorf, all Buhl.

Mrs. Keith Kennison, sister of the bride, was matron of honor, and Karla McRoberts, another sister, was junior bridesmaid.

Ray Achanback served as best man and Frank Pearson, groomsman. Both are from Buhl. Ushers were Michael McRoberts, brother of the bride, and Roger Gunderson, Buhl.

A reception was held after the ceremony in the fellowship hall of the church. The bride's table was covered with a crocheted lace cloth over yellow. The three-tiered wedding cake was accented with yellow roses with the top tier displaying an arch and golden cross over miniature bridal figurines. Bell-shaped cakes and white tapers completed the table decor. Mrs. Elbert Wright, aunt of the bride, Twin Falls, served the wedding cake, Mrs. Earl McRoberts, aunt of the bride, Buhl, poured coffee at the silver service, and Mrs. Sterling King, Richfield, served punch. Other receptionists were Mrs. Udell Robinson, Mrs. Grant Stevens, and Mrs. Glen Jensen, all Richfield. Mrs. David Kennison and Mrs. Vernon Hall made and decorated the wedding cake.

Special guests were Mrs. Hubele, grandmother of the bridegroom, Roxberg, Kan; Mrs. Dorothy Macklin, aunt of the bridegroom, Cannon City, Calif., and Mrs. Maine Wright, Buhl.

Deanna McClure Recites Vows

TWIN FALLS — Deanna L. McClure, daughter of Mr. and Mrs. Clifford McClure, Twin Falls, and Walter Miszczenko, son of Mr. and Mrs. Vladimer Miszczenko, Kimberly, were united in marriage in a candlelight service Sept. 11 at the Immanuel Lutheran Church, Twin Falls.

Rev. Harold Iben performed the double ring ceremony before a setting of lavender candelabra and a large baskets of lavender chrysanthemums and gladioli and green carnations.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace and white organza, accented with a sweetheart neckline and long sleeves. Her train was caught at the waistline with satin bows and her shoulder-length veil was held by a crown of daisies and seed pearls. She carried a cascading bouquet of lavender gladioli and mint-green carnations.

Maid of honor was Patsy McIntyre, friend of the bride, with Joyce McClure and JoAnn McClure, twin sisters of the bride, as bridesmaids.

Charles Mori was best man, with Michael McClure, brother of the bride, and Kenny Marshal as ushers and groomsmen.

Sylvia Iben played the traditional organ music.

A reception was held immediately after the ceremony in the Parish Hall. The table was covered with white organza over lavender and centered with a four-tiered wedding cake topped with miniature wedding bells and a miniature bride and bridegroom. Mint-green candles in crystal candleholders enhanced the decor.

Guests were registered by Claudia Beard, sister of the bridegroom. Serving at the reception were Mrs. Jack Stanger, Mrs. Wesley Stapelton, Evelyn Snow and Claudia Beard. Gifts were displayed by Karen Taylor and Sandra Stanger.

After a honeymoon trip, the couple will reside in Kimberly.

A rehearsal dinner was hosted by the bridegroom's parents at their home. The bride was honored with pre-nuptial miscellaneous showers hosted by Patsy McIntyre, Evelyn Snow, Sandra Stanger and Mrs. Jack Stanger.

Local Miss, Sorensen Set Nuptial Date

TWIN FALLS — Mr. and Mrs. George Galvan, Twin Falls, announce the engagement of their daughter, Julia Louisa, to Milton James Sorensen, son of Mr. and Mrs. Wayne Sorensen, Shoshone.

Miss Galvan is a 1969 graduate of Twin Falls High School and was graduated from Parker's Hollywood Beauty College, Twin Falls, Sept. 18.

Sorensen was graduated from Shoshone High School in 1968. He is a member of the Idaho National Guard, Jerome unit, and is employed at Alexander's Men's Clothing Store, Twin Falls.

JULIA GALVAN

An Oct. 24 wedding is planned at St. Edward's Catholic Church.

Observance Slated

WENDELL — Mr. and Mrs. Geoge Dille will be honored with an open house in observance of their 85th Birthday Anniversaries from 2 to 4 p.m. Sunday.

The event will be hosted by the couple's eight children. Mrs. Dille was 85 years young last week and Mr. Dille will be 85 Nov. 7. Both were born in eastern Idaho and have been residents of Wendell for 42 years. They owned and operated a farm northwest of the city until eight years ago when they retired and moved to town.

Eight of their 10 children are living and they boast 55 grandchildren and 68 great-grandchildren. Mr. and Mrs. Dille will celebrate their 65th Wedding Anniversary next summer.

They are members of the LDS Church and have been very active in church affairs all their lives.

All church members and other friends of the couple are invited to attend the open house and they request no gifts.

Christmas Carnival Scheduled

WENDELL — Mrs. Kirby Hill, Wendell, secretary of the Gooding County Extension Homemakers Council, announced the group has scheduled its annual Christmas Carnival for Oct. 26 at the Gooding Grange Hall.

Committees named include Al Club, Gooding, coffee and punch for the event; Pollyanna Club, Orchard Valley, Wendell, registration; Home Improvement Club, Wendell, decorations and clean-up.

The state Homemakers Extension Council meeting will be held at the Ponderosa Inn, Burley, Sept. 28 through 30. The Gooding County Clubs are responsible for decorations for the breakfast tables Sept. 30.

A leader training meeting, "Economy Housekeeping," is scheduled Friday at 2 p.m. at the office of Dorothy Grieve, home extension agent.

Store Eyelashes

By United Press International

A transparent plastic container has been designed to shape and store false eyelashes. It holds eight pairs of upper and lower lashes, while keeping them visible for instant selection and use.

Benefit Attendance Poor

TWIN FALLS — The dinner was good and the entertainment enjoyable, but attendance was poor for the Magic Valley Memorial Hospital Guild's fund raising dinner-dance Monday night at the Turf Club.

According to Mrs. David Marrs, finance chairman, only six of 50 doctors attended and not one of the county commissioners. "We were expecting so much more," she noted. For the 103 that attended, however, the evening consisted of a cocktail hour, dinner, program by the Showtimers from Boise and dancing to the music of the "Fleming Duo."

Proceeds from the event will go toward the purchase of a Model MA-1 Respiratory unit which costs approximately $4,320.

Alaskan Routes

ANCHORAGE (UPI) — Two famed routes lead into Alaska, the largest state, but one of the smallest in population.

The Alaska Highway stretched 1,522 miles from Dawson Creek, B.C. to Fairbanks, Alaska, while auto-ferries ply the "Inside Passage," 450 miles of scenic coastline between Prince Rupert, B.C. and Haines, Alaska.

Monthly Lessons Outlined

SHOSHONE — Fall social for the Shoshone LDS Church Relief Society will be held at 2 p.m. Tuesday at the church.

Mrs. M. J. Dille, president, said there will be a program and lessons for the season introduced. Refreshments will be served.

Weekly meetings will then be held after the summer vacation period.

The spiritual living lesson for October, based on the text, "The Pearl of Great Price," will feature an objective to "help the LDS woman to obtain a stronger testimony of the text as scriptures."

The visiting teacher message for October is entitled "Truth and Free Agency," while the homemaking lesson is called "A Lovelier You," with an objective to encourage women to accept responsibility in taking care of outward appearance as well as inner growth.

Questions answered include "How does a mother's dress influence her daughter's choice of clothes?"; "What effect does a mother's grooming and posture have on her family?"; "How can a mother's appearance help set high standards in the home?"

For the social relations lesson in October the topic is "Living Morally in a changing World," with an explanation of "what is morality."

The cultural refinement lesson deals with the topic, "The family reads and sings together," with an objective to present selections that enrich family discussions, provide wholesome entertainment and strengthen family relationship.

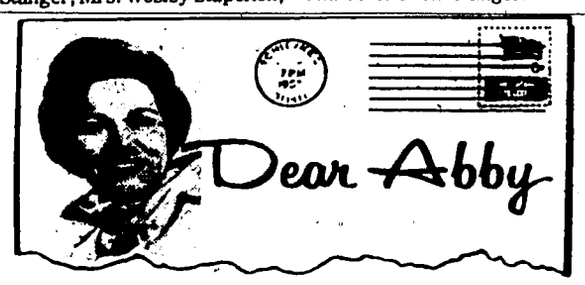

A choice of stories, poems and music is listed in the manual for the presentation, as outlined by professors, Bruce B. Clark and Robert K. Thomas, authors of the text; "Out of the Best Books."

Social Events

SHOSHONE — The Shoshone United Methodist Women will sponsor a "Dime-a-Dip" dinner from 5 to 8 p.m. Sept. 30 at the church. Proceeds will go to remodel the outside of the church. The public is invited.

TWIN FALLS — The Single-Ites Club will have a dance Saturday night at the IOOF Hall, Twin Falls. There will be live music for dancing from 9 p.m. to 1 a.m. All single persons between the ages of 30 and 60 are welcome to attend.

WENDELL — Mrs. Donita Lancaster, worthy matron of Star of the West, Chapter No. 35, Order of Eastern Star, announced that a white elephant sale is scheduled for Oct. 7 to raise funds for "interest Benevolent". Mrs. Terry Spencer, Mrs. Nina Petersen and Mrs. Florence Nielson are committee members in charge of arrangements. They request white elephant items not be wrapped.

DEAR ABBY: Have you ever heard of a girl being in love with her own brother? I don't want to believe my eyes and ears, but what else can I do? I've been married to Bud for two years now, and the only thing that keeps my happiness from being complete is "Sis."

She is 22. [I am 24 and Bud is 26.] Maybe I should go back to before we were married. Sis tried to break us up before she even met me. I later heard she made trouble for every girl Bud ever went with.

Sis uses our swimming pool, and if I didn't push her into the bedroom, she'd change into her suit right in front of Bud. [She walks around in her panties and bra in front of him.] She asks him, not me, to help zip her up. She puts the music on and coaxes Bud to dance with her. She sits on his lap and kisses him a lot. Her conversation when Bud is around consists of the dirty books she's read and dirty movies she's seen. She includes herself with our circle and invites herself along on weekend trips.

If I sound jealous, I am. How can I let Sis know it's time she found a man of her own? BUD'S WIFE

DEAR WIFE: You don't give me a clue as to how Bud reacts to Sis' performance. Seems to me he's the one to let her know that she is out of line. And if he doesn't know how you feel about Sis, what are you waiting for?

DEAR ABBY: Are birth control pills deductible?
BERTIE

DEAR BERTIE: Only if they don't work.

DEAR ABBY: My husband and I are both in a profession which takes us away from home all day. Our two children, ages two and three are cared for by a dependable, intelligent 62-year-old woman. She loves our children and they love her, but she has had very little formal education and her grammar is poor. [Example: "Have you ate yet?"]

Our children are learning to talk, and that which they learn in their formative years will be hard to unlearn. Naturally, we don't want them to talk the way she talks. How can this be solved without hurting her feelings?
WONDERING

DEAR WONDERING: Better to have an intelligent, loving, dependable woman caring for your children than a grammarian who lacks these qualities. If the youngsters pick up some of her mistakes, correct them, and don't worry about hurting her feelings. She knows her grammar is poor. Somehow those who have been exposed to poor grammar during their formative years, manage to emerge uncorrupted —thanks to proper schooling. Witness the number of fine grammarians whose parents were foreigners—or illiterate. [P. S. What do you want? Good grammar or good help?]

DEAR ABBY: My husband has a way of squelching gossips which never fails. When someone says, "I'll tell you something if you promise not to tell a soul," he always says, "Don't worry. It's as safe with me as it is with you."

As you may guess, he seldom hears much gossip.
MARY ANN IN OSCEOLA, ARK.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Notice!

The Times-News finds an increasing number of stories appropriate for its women's pages. Because of the premium on available space, stories must be selected on the basis of currency.

All stories pertaining to the women's pages must be brought to the Times-News no later than two days after the meeting to be considered for publication.

Wedding pictures and stories must be in within two weeks of the wedding. As in the past, a $5 fee will be charged for two-column wedding pictures and a $2.50 fee for engagement pictures.

Conference Action Grabs Spotlight For Area Weekend

Conference action grabs the spotlight this weekend as Magic Valley High school football teams carry out a 13-game schedule.

All games will count in standing somewhere but the two with the most to do with championships may be Raft River at Oakley and Carey at Rimrock. The South Central Idaho conference has three games with Jerome, hosting Mountain Home, having a leg up on the field.

Raft River and Oakley enter their showdown with 2-0 league and 4-0 overall records and while the loser won't be out of it, a loss would severely crimp title hopes. Raft River is little but quick and defensively thus far has been outstanding. Oakley is bigger and its defense has been better than expected. Offensively the Hornets average about three touchdowns per outing.

Carey's undefeated hopes face a tough obstacle at Rimrock where the Raiders probably are smarting from a defeat at the hands of Camas County. Camas County, which is hosting Richfield, would like a Rimrock rebound as it would give the Mushers sole possession of the eight-man league lead. Carey has a strong team and a fine runner in Rush. Both are high scoring teams generally so defense will rule it.

In the SCIC, Mountain Home and Jerome are co-leading with 1-0 records, each having defeated Wood River. None of the other teams has had a loop game. Mountain Home has been dropped three times since the opening squeaker win over the Wolverines — two of them to SIC schools. Jerome is 2-1.

A Friday afternoon (1 p.m.) battle at Hailey brings together two 3-0 teams with Filer playing Wood River. Jerome used a shotgun to beat Wood River's tough four-four defense last week, spreading four receivers downfield in a split second to take the Wolverines out of their usual forte. It will be interesting to see if Filer tries it. Wood River has Greg Exner back and he should add some of the offensive punch that the Wolverines have needed, particularly inside the opponent's 20-yard line.

Buhl takes its 0-3 record to Gooding where the Senators are 1-1-1. Gooding won the only game it scored in and Buhl's offense has managed only three touchdowns so far. Evidently, defense will rule this one, too.

In the Little Six League, the Valley Vikings face a tough task at Glenns Ferry where the Pilots aren't only a good ball club but probably more than a little upset with last week's loss to Gooding. Valley's line, which was suspect in its first two outings, appears to have improved sharply and the Vikings have a strong air game to test the big, swift Pilot backfield.

The other game brings the Kimberly Bulldogs (1-3) to Shoshone (1-1-1). Shoshone has looked particularly good on defense while Kimberly has been giving up more points than expected in pre-season.

While the Raft River-Oakley duel dominates the Magic Valley League, the other two games are important in this top-to-bottom strong alignment. Hansen, fresh off its first win over Kimberly in 22 years, plays host to Murtaugh Friday afternoon and neither can afford the loss. Murtaugh dropped one loop game to Oakley while Hansen bowed to Raft River. Neither can afford another loss because it should mean curtains for loop hopes. Besides that, this is a grudge battle between neighboring schools.

Camas County faces a tough trial horse in Richfield at Fairfield. Richfield has a win and a tie against it so far while Camas County has won three straight. In the other eight-man game, Dietrich will travel to Bliss for a game that will let the winner escape the league cellar.

Bruins Invade I.F., Minico Hosts Cougars

The record says Minico should be favored a little over Caldwell but the jury is still out for the Twin Falls at Idaho Falls game for the second week of Southern Idaho Conference competition.

It will be Twin Falls' first appearance in eastern division action and the first time the Bruins have visited Idaho Falls in four years. But because of one-half of the game against Borah last week, the Twin Falls players have put a lot of pressure on themselves and, conversely, lifted some from the coaches.

For one half Twin Falls gave Borah the only good battle its had this year and throughout the game gave the Lions the toughest scrap they've ever had on the ground. But the Lions took the overhead route and scored on two pass interceptions—the last with 30 seconds left—to win it 50-13. But the question remains that if the Bruins can do something like that to what is a fine offensive football team, someone hasn't been giving comparable effort in other games.

"We feel," says Coach Norm Thomas, "that 32-13 or 32-20 could just have easily been the final score. We lost, no doubt about is. They came back and outgunned us in the second half. But I'll show anyone the film and let them draw their own conclusion as to whether Borah was passing so much because it wanted to or because it had to. Our stats showed us holding them to 128 yards on the ground and I'd like to know if that's been done to them in the last 10 years."

But the passing remains a big bugaboo with the Lions picking up 278 there—and Idaho Falls loves to throw the football. "I think we'll be improving a lot on pass defense now," Coach Thomas says. "We've made a couple of shifts in personnel and responsibility and the boys just this week seem to be showing a lot better understanding of what they're doing back there."

Idaho Falls' quarterback Bill Combo has completed 31 of 63 passes for 400 yards so far and likes to throw to his backfield men. John Braun is the leading receiver. Bruce Roberts is their top ground gainer with 241 yards and a 5.6 average.

Some of Twin Falls' improvement in defense can be traced to the steady progress of junior middle linebacker Dennis Blackwood who has been credited with 38 tackles in the last two games.

Minico, which has evened out at 2-2 and dropped both in the conference, will put its strong ground defense up against 1-2 Caldwell and that should mean the Cougars will be going to the air.

Coach Corky Hill's charges, losing both times in the waning minutes and having every bit as much claim for the victory right, mightt have to fight a little bit of a let down due to that. The Spartans lost a heartbreaker 30-29 to Skyline and still nearly pulled it out in one of the wildest, crowd-pleasingest games in Magic Valley history.

Caldwell has managed 763 yards with just over two-thirds of it on the ground. Defensively, the Cougars have held opponents to 3r4 yards per rush but the secondary has leaked for 582 yards and six touchdowns.

Minico is a ground team basically with all but 167 of its 1002 yards coming on rushing. On defense, Minico has allowed only 501 yards, 136 in the air—not including the Skyline game.

Jerry Croesbeck and Reed Nelson continue to run one-two in SIC rushing, but have played in one more game. John Fennell is booming punts at a record 43.1 yard per kick average and DeeLynn Seamons, with two touchdown returns, has mounted a big lead in kickoff return yardage with 238 in four carries.

SCIC OK's All-Sport Trophy

The South Central Idaho Conference will award the first all-sports championship trophy in its league's brief history this spring.

The award will be based on a point system and split into major and minor sports. Under the scoring format the major sports (football, basketball, track and wrestling) will be 15 for championships, 10 for second and graduate on down to eight, six, four and two. The minor sports (golf cross country and girls track) will be scored 10, 5, 4, 3, 2.

The trophy, which will be a traveling, unretiring ornament, will be donated by Ray Sherwood of Sherwood's Sports Center, Twin Falls.

League members are Jerome, Mountain Home, Buhl, Filer, Wood River and Gooding.

Presley Given Short Jail Term

OAKLAND (UPI)—Bob Presley, former promising University of California basketball center, was sentenced to six months in jail Wednesday for operating a traveler's check swindle in Berkeley.

Superior Court Judge Harold B. Hove gave Presley 21 days credit on his sentence because he had spent that amount of time in jail after his arrest in Berkeley last November.

Presley also was given three years probation and told to make restitution to the banks involved in the swindle.

Presley had pleaded guilty to a single charge of grand theft involving one of the transactions.

Presley, 6-11 and 240 pounds, led a revolt of black athletes at Cal in 1968. In 1969 he signed a contract with the Denver Rockets of the American Basketball Association for $35,000 a year, but he walked out of the rookie camp after two weeks.

Presley's girlfriend, raven-haired Railene Oreskovic, 22, a former secretary in the UC agricultural extension department, was placed on three years probation for her part in the operation.

She was ordered to make about $300 restitution to several Los Angeles clothing stores where she had cashed some of the checks. Miss Oreskovic also was ordered to no longer associate with Presley.

Vandals Hope to Match Effort Of Last Week Against Pacific

MOSCOW—Coach Don Robbins of the Idaho Vandals said after a review of the game films of the Washington State-Idaho game, it was evident that the Vandals played one of their best games, especially on defense.

"We had great efforts from Tim Reese at defensive end and Rick Simmons at the other defensive end position. Simmons was highly impressive, coming off the bench to replace the injured Tom Jarman. Bill Cady on the line and linebackers Ron Linehan and Rand Marquess did a great job," Robbins added. "No doubt the players were down considerably with the inconsistant officiating and the films also show this fact," Robbins added.

The Vandals were hurt several times by penalties both on offense and defense and they were assessed a record total of 195 yards on 19 accepted penalties by the officials.

Robbins said Jarman and defensive back John Hathaway would be lost for some time. Both players suffered knee injuries. "We had the ball for 94 plays on offense and moved it well and held the opponents to 77 plays but still did not win the game," Robbins said. This week the Pacific Tigers will meet Idaho at home with the game being played in Rogers Field in Pullman. Pacific, with two wins under its belt, have shown a tough defense and some bright offensive sparks in getting two wins.

Honor Jackson, a talented wide-receiver, impressed the Vandal scouts in the Tigers' win over Long Beach last week. John Read, the Pacific veteran quarterback, also runs the team well and throws with accuracy. Defensively the front four on the Pacific line, Don Grodon, Harlan Hart, Larry Plummer and Steve Simondi, also were outstanding. "They put a good rush on the passer and we must plan to effectively block them out to make our offense click," Robbins said.

Robbins was impressed with the running of Fred Riley, who ran for 106 yards and Ricardo Castillo, who connected on three field-goals and a conversion for 10 points. Steve Olson also showed that he is regaining his old form and should be one of the top quarterbacks in the nation if he keeps improving. Terry Moreland was also singled out by Robbins for his six receptions and that he also ran the pass-patterns well.

Indians End Boston's Seven-Game Win Skein

BOSTON (UPI)—Ken Harrelson and Vern Fuller each hit his first home run of the season in the fourth inning Wednesday as the Cleveland Indians snapped Boston's seven-game winning streak with a 5-2 victory over the Red Sox.

Steve Hargan, pitching before the smallest Fenway Park crowd in four years—3,394—pitched a six-hitter to record his 10th victory in 13 decisions.

Sox 6, Royals 0

CHICAGO (UPI) — Rookie right-hander Bart Johnson pitched a five-hitter Wednesday and contributed a run-scoring double to lead the Chicago White Sox to a 6-0 triumph over the Kansas City Royals before only 693 fans.

Yanks 6, Solons 4

NEW YORK (UPI)—Jim Lyttle drove in three runs with a two-run double in the first inning and a triple in the sixth Wednesday night as the New York Yankees clinched second place in the American League East with a 6-4 victory over the Washington Senators.

Twins 7, A's 4

OAKLAND (UPI)—Tom Hall, who will start the second game against Baltimore on playoff Oct. 4, gave up only two hits — both homers — before being relieved in the eighth inning Wednesday night as Minnesota beat Oakland 7-4.

Postponed

MILWAUKEE (UPI) —The California-Milwaukee game Wednesday night was postponed til Thursday afternoon because of rain.

The game had been held up 30 minutes before starting, and was in the third inning, with California leading 3-0, when time was called.

Dallas May Use Three Ex-Starters

DALLAS (UPI) — The Dallas Cowboys' three benched starters are going to remain non-starters for Sunday's New York Giants game, but Coach Tom Landry said Wednesday two, and possibly all three of them, will get to play a bit.

Landry had benched quarterback Craig Morton, offensive guard Ralph Neely and wide receiver Bob Hayes prior to last Sunday's 17-7 season-open victory over Philadelphia for what he said was failure to meet "performance levels."

Landry told his weekly press luncheon Wednesday there would be no change in the starting lineup for the home opener against the Giants, meaning that sophomore Roger Staubach still would be at quarterback, and third year men Blaine Nye and Dennis Homan would get the call at guard and split end.

The coach also disclosed that Hayes had worked out only one day last week because he had undergone a bit of minor surgery (lancing) of a knee.

"But, that wasn't the reason Hayes didn't start," Landry replied to a questioner. "It is the reason he didn't play at all in the game."

End Loses His Job Over Fight

DETROIT (UPI) — Teammates Bill Malinchak and Joe Robb of the Detroit Lions had a fist-fight in a Detroit bar, it was reported Wednesday, costing Malinchak his job as a wide receiver.

Malinchak, reportedly already in disfavor with Lions' management, was asked to turn in his uniform while Robb missed Tuesday's practice and showed up the next day with a pair of black eyes.

"They've had a long-time thing that had been festering," Joe Schmidt, head coach at Detroit, said.

ISU Opens Play In Minidome by Hosting Nevada

POCATELLO—Idaho State University hopes to dedicate its new domed Sports Arena by getting into the football win column. The 0-2 Bengals meet the University of Nevada, Las Vegas in the Minidome Saturday at 8 p. m.

The Rebels are undefeated, holding a 28-6 win over the College of Southern Utah in their only 1970 action. ISU has dropped decisions to Missouri Valley Conference toughies Drake (39-10) and Tulsa (38-13).

However the score foremost in the minds of Bengal football followers is the 35-31 score of Nevada's 1969 win in the only previous meeting between the two schools. ISU went into the game with concern about the Rebels fine running attack and went away talking about Rebel QB Don Kennedy, a 168-pounder who passed for four touchdowns. He only connected for nine all year. Kennedy also ran for a score.

Big tailback Mack (Truck) Gilchrist leads a powerful group of runners, including fullback Steve Buzick. However Kennedy must be on aerial target if the good running game is to reach its full potential. When Kennedy's passes keep the defense loose Gilchrist and Company can power for those extra yards that win close games.

Against CSU Kennedy completed only seven of 21 for 69 yards, but Gilchrist ran for three scores. Atogether UNLV gained only 233 yards total offense.

However, that Rebel defense is something else again. It held GSU to only 160 yards. 215-lb linebacker Bruce Gray and big defensive end Bill Booker were mainly responsible for sacking GSU's passer eight times. Safety Pat Medchill ran 98 yards with an interception.

Against a strong team like Nevada, Las Vegas, ISU will fortunately be halfway healthy for the first time in quite a while. Halfback Steve Proniewych is the only remaining casualty. He has a badly bruised thigh muscle and will be kept out until the October 3 Idaho game. Ron Havinear did a fine job last week in his place and will stay a starter.

All-Big Sky QB Jerry Dunne is getting around well after recovering from an ankle sprain. He worked out Monday with the first team, but Coach Ed Cavanaugh said sophmore Tom Lee would be his starting signal-caller. Lee completed 14 passes for 203 yards against Tulsa.

All-Big Sky end Steve Mandelkow caught an elbow in the throat last weelend but X-rays were negative so the big 240-lber got the medical OK to play. Also back is middle linebacker Ras Gattolico the defensive player of the week against Drake despite a bad knee that finally got him out of the lineup Saturday. He's back and Wally Buono, who did a good job replacing him, will start as outside backer.

A disappointed Cavanaugh said after the Tulsa game, "We played very hard but we're still beating ourselves. We have the nucleus of a real good team and I feel we have the material to be contenders in the Big Sky Conference."

ISU Fans Set Booster Meet

Organizational meeting of the Magic Valley Bengal Gridiron Club will be held at 7:30 p.m. Thursday at the Rogerson Coffeeshop, reports event chairman Dave Perkins.

Perkins said all ISU graduates and fans are urged to attend. Officers will be named and activities and projects to support the Bengals studied.

Allen Allowed To Go Home

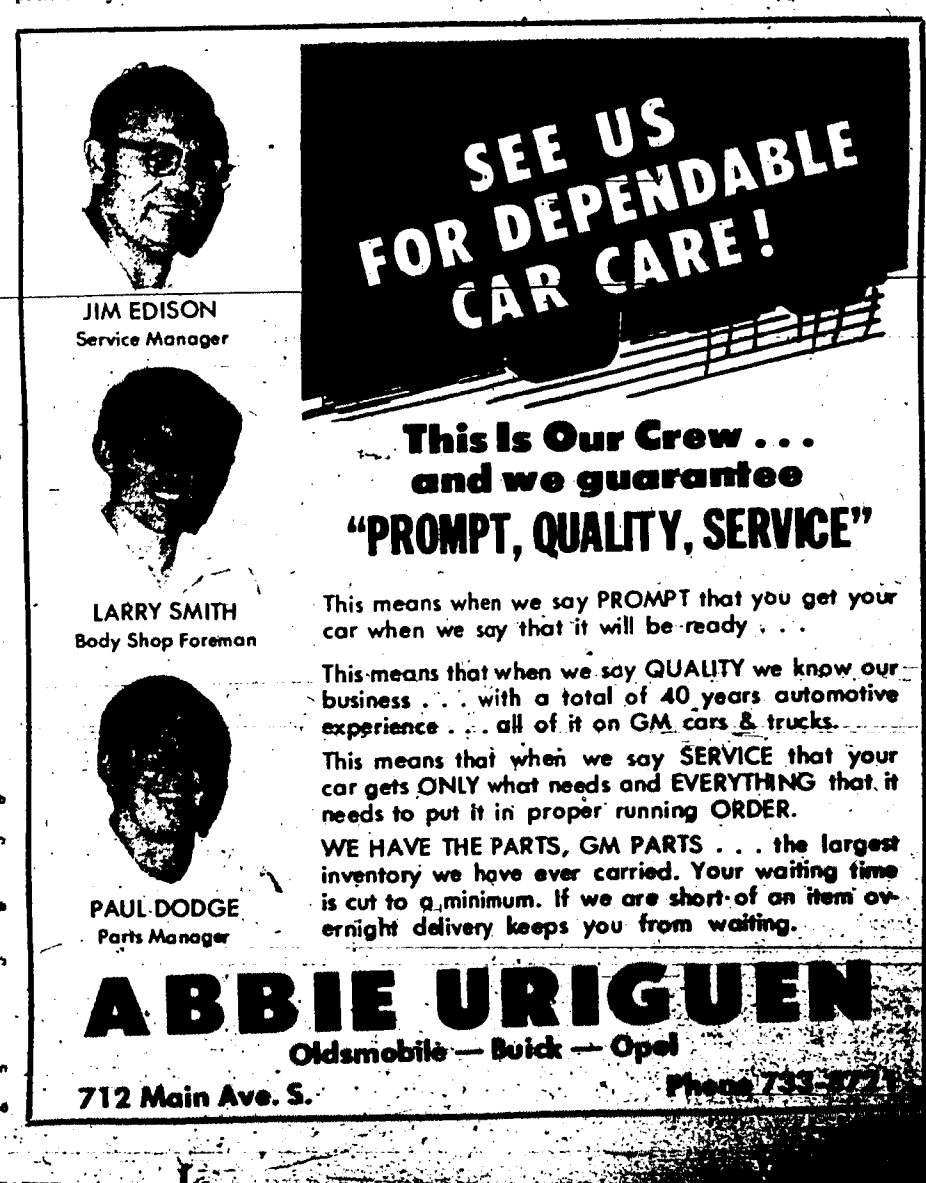

ST. LOUIS (UPI)—St. Louis Cardinal slugger Richie Allen was sent home for the remainder of the season Wednesday but the Cardinals said Allen's leg injury has practically healed and full recovery is anticipated.

Allen injured his right leg while sliding into second base against San Francisco here Aug. 14. He suffered a severely pulled hamstring muscle.

Dr. Stan London, team physician, examined Allen before the start of Wednesday's doubleheader against Chicago.

London said, "his leg is practically healed, he has full range of motion and has practically no soreness.

Cards Stun Cubs With Two Defeats But Pirates Lose, Mets Win in Hectic Race

ST. LOUIS (UPI)—Bob Gibson posted his 23rd victory with a two-hitter in the opener and rookie Jerry Reuss tossed a seven-hitter in the nightcap Wednesday night as the St. Louis Cardinals dealt the contending Chicago Cubs a double defeat by identical scores of 2-1.

The twin loss dropped the Cubs into third place in the National League's East Division, two and one-half games behind the division-leading Pittsburgh Pirates and a half-game behind the New York Mets.

Gibson was overpowering in the opener as he established a career high for most victories in a season. The 34-year-old right-hander allowed only a triple to Glenn Beckert in the fourth inning and a single to Joe Pepitone in the seventh while outdueling 20-game winner Ferguson Jenkins.

The Cardinals scored both their runs in the opener in the second inning. Luis Melendez opened the inning with a single and moved to third on a single by Ted Simmons. On the throw back to the infield, Simmons tried for second and Melendez scored when third baseman Ron Santo's throw to second was wild. Simmons moved to third on the play and scored on a two-out single by Julian Javier.

Expos 3, Pirates 2

PITTSBURGH (UPI) —Carl Morton won his 17th game with ninth inning relief help from Mike Marshall as the last-place Montreal Expos slowed Pittsburgh's drive for the National League's East title with a 3-2 victory Wednesday night.

Morton, who has lost 11, allowed the Pirates a run in the second inning and then held them scoreless until they got an unearned run on Coco Laboy's throwing error in the ninth.

Reds 6, Astros 2

CINCINNATI (UPI)—Pitcher Tony Cloninger and Tony Perez slammed home runs to lead the Cincinnati Reds to a 6-2 victory over the Houston Astros Wednesday night.

L.A. 14, Giants 10

LOS ANGELES (UPI)—Ken Henderson hit a three-run homer in the 10th inning during which the San Francisco Giants scored four runs to defeat the Los Angeles Dodgers 14-10 Wednesday night.

Going into the 10th with the score tied 10-10, Bobby Bonds singled to right. Tito Fuentes and Willie Mays walked to load the bases and Frank Johnson grounded out to short as Bonds scored to make it 11-10. Then Henderson hit his homer into the right field stands off rookie Mike Strahler.

The game went into extra innings when Bill Sudakis singled, was sacrificed to second and took third on a wild pitch, coming home on a pinch hit single by Len Gabrielson.

The victory put the Dodgers and Giants once again into a tie for second place in the National League West.

The winning pitcher was Rich Robertson, now 8-9. The lower Ray Lamb, 6-1.

After six innings the Giants trailed 8-0 but in the seventh San Francisco exploded for eight hits including a two-run homer by Jim Hart and a grand slam by Dick Dietz.

Padres 2, Braves 0

ATLANTA (UPI)—Clarence Gaston and Dave Campbell hit solo homers and righthander Steve Arlin pitched a seven-hitter Wednesday night as the San Diego Padres edged the Atlanta Braves, 2-0.

Mets 5, Phils 4

PHILADELPHIA (UPI) — Dick Selma, center of baseball's current hottest controversy, gave up a two run homer to Donn Clendenon in the eighth inning Thursday night and it carried the hopeful New York Mets to a 5-4 victory over the Philadelphia Phillies.

Selma, whose outburst against the umpiring Wednesday night brought on a $500 fine and a threat by the umpiring team not to leave the dressing room unless he were punished, perferably by suspension, came on in relief of Billy Wilson with the Phils in front 4-3.

The right handed fireballer got Tommie Agee on a pop to first and walked Bud Harrelson, Cleon Jones fanned for the second out, but then Clendenon parked a 1-0 pitch into the upper left field stands for the winning runs.

Tug McGraw the fifth Met pitcher, came on in the seventh to cut down a Phils' threat with a double play ball. He gave up a double to Tim McCarver to open the eighth but then retired the next three batters, two on strikeouts.

Tigers Ask For Martin To Manage

DETROIT (UPI)—The Detroit Tigers want former Minnesota Twins Manager Billy Martin to manage the Tigers next season, the Detroit News said Wednesday.

The Tigers will not renew Manager Mayo Smith's contract which expires next week, The News said in a copyrighted story by Watson Spoelstra.

Martin, who played for the Tigers in 1958, has talked to the Detroit club about the job but was quoted as saying: "There's no way I can divulge anything. I've been talking to a few other clubs, too."

Jim Campbell, Detroit general manager, was non-commital. "I'm not saying a thing about our managing job, one way or the other, until the season's over," he said.

Martin, fired by the Minnesota Twins last year despite their rise from seventh place to first in the western division of the American League, said he will be more selective in his next baseball job.

"It will take a lot of money and a two or three-year contract to get me back," he said.

Smith's two-year contract called for a $55,000 salary.

This season, Smith's fourth in Detroit, the Tigers have gone steadily downhill. In previous years Smith piloted the club to a pennant and 1969 World Series victory and two second-place finishes.

Mrs. King Leads Gal Net Revolt

HOUSTON (UPI)—Billie Jean King, a three-time Wimbledon champion, led a revolt of the world's top women tennis players against the U.S. Lawn Tennis Association Wednesday by becoming a contract pro and playing in a nonsanctioned tournament.

The women came to play in the $5,000 Virginia Slims Invitational Tennis Tournament at the Houston Racquet Club, but the USLTA decided on the eve of the event that it would not sanction the tournament with the prize money.

Rather than jeopardize the tournament, the sponsors decided to drop the prize money and get the sanction. The women would receive expenses instead of prize money.

"We weren't happy this way," Mrs. King said.

"We thought we'd like to play above board rather than get expenses under the table. We're all pros so why should we become amateurs for a week. Why should we go backward?

"We're trying to make this game honest," she said. "I've received as much as $4,500-$5,000 under the table for playing in one tournament, even if I lost in the first round. Why can't we just get paid like other pros?"

U.S. Leads Amateur Golf Test

MADRID (UPI) —Lanny Wadkins of Richmond, Va., shot a two-under par 70 Wednesday to give the United States a one-stroke lead over South Africa on the first day of the World Amateur Team Golf Championships.

The American quartet smashed through the Puerto de Hierro club's par 72 course with its three top scores totalling 213.

South Africa blazed into second place with a 214 tally, and Canada was third with 218. Canada was third with 218.

Wadkins, 20, got an eagle on the 15th to top the title-defending U.S. team's performance with a 70 while Tom Kite Jr., 20, of Austin, Tex., followed with a 71 total and 22-year-old Allen L. Miller of Pensacola, Fla., got a 72.

Trailing behind the top three teams were Italy with 219 and New Zealand a stroke behind in fifth.

Other placings in the top ten were Mexico, the Philippines, Britain and Ireland, Nationalist China and Japan.

The day's best score was turned in by the Philippines Edmundo Unson Jr., 25, as he blazed through the rugged course in 69 strokes.

The South Africans, who predicted they would oust the U.S. for top honors, matched par on two of their games while 18-year-old Dale Hayes putted in a two-under par 70 to complete their scorecard.

Record

CINCINNATI (UPI) Baseball's first professional team, the Cincinnati Red Stockings, achieved the phenomenal record of 56 victories and one tie in their first full season of 1969.

NBA Sets Playoff Format

CHICAGO (UPI)—Commissioner Walter Kennedy of the National Basketball Association announced Wednesday only two teams in each division will participate in the playoffs.

The formula for arranging the playoffs has not yet been determined but will be discussed and voted on at the All-Star game in San Diego, Calif., in January, Kennedy said.

Kennedy said the vote was very close with many of the owners taking a firm stand for three teams in divisional playoffs.

Legislation was also passed at the NBA owners meeting to authorize the commissioner to fine any NBA club $10,000 for any illegal player relations. It is to avoid any "hidden players" not on the active list of 12.

Kennedy said he has been authorized to distribute championship rings for the club winners at the playoffs.

He said no merger could take place between the NBA and the American Basketball Association until Congress approves a single league. It could not take place before next season, he said.

Alston Gets 18th Year At LA Helm

LOS ANGELES (UPI)—The Los Angeles Dodgers Wednesday announced the signing of Walt Alston as manager for the 1971 season, his 18th with the club.

The signing of the man who is the most successful among active managers came as a surprise to no one. General Manager Al Campanis declined to disclose terms but said he was given a "deserved raise over 1970." Alston is believed to be making well over $50,000.

At a news conference, the quiet-spoken Alston, 58, said, "I can't think of anything I'd rather do than manage this ball club. I like what I'm doing. I like the fellows I'm working with."

Alston spoke hopefully of the chances of having a pennant winner next season but pointed out that right now the Dodgers are engaged in a fight with the San Francisco Giants for second place in the National League West.

All five Dodger coaches also have been signed to 1971 contracts, the club announced. They are Jim Gilliam, Danny Ozark, Roy Hartsfield, Red Adams, and Carroll Beringer.

Alston has managed four world championship Dodger teams—in 1955, 1959, 1963 and 1965. Only three managers have won more World Series titles.

Umps Say $500 Fine too Small For Remarks Made by Selma

PHILADELPHIA (UPI) — Umpire Augie Donatelli said Wednesday night his four-member crew would have refused to take the field for the game between Philadelphia and the New York Mets if disciplinary action had not been taken against Phillies' pitcher Dick Selma.

After Tuesday night's game in which three Phillies were ejected, Selma said the umpires were so wrong that the game seemed a "fix."

Selma was fined $500 Wednesday by National League president Charles Feeney and apologized; saying he was "wrong in making accusations about the integrity of the umpires."

Donatelli, senior member and captain of the umpiring crew that included Stan Landes, Dick Stello and Satch Davidson, said "we were trying to get him (Selma) suspended and we want the whole country to know."

Donatelli said "it's ended now" but added "it was our intention not to leave the dressing room" until Selma was taken care of by Feeney or baseball commissioner Bowie Kuhn.

Donatelli said the fine was "not enough" and told Feeney that Selma should be suspended "but he refused to move."

Kuhn said the entire matter was being investigated by Feeney and "I'm sure he is on top of any problem."

Kuhn's visit to inspect the new sports stadium being constructed here had been planned for several weeks but he wound up walking into the dispute over the Tuesday night game won by the Mets, 7-6.

The Phillies were angered over actions and calls by umpires Stan Landes, Dick Stello and Satch Davidson. Landes ejected pitcher Jim Bunning in the sixth and manager Frank Lucchesi later in the same inning.

Davidson threw out shortstop Larry Bow in the seventh and Stello was criticized for an out call that ended the game in the ninth inning.

Only Augie Donetelli, the fourth member of the umpire team, escaped the Phillies' wrath.

Selma, in a statement released before the start of Wednesday night's game with the Mets, said "I know I was wrong in making accusations about the integrity of the umpires."

Selma said "I strongly question and still do, the judgment of the umpires in the game," He added "in a fit of anger, I made charges for which I had no basis. I will apologize for this."

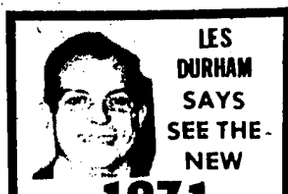

League Still Investigating

BIRMINGHAM, Ala. (UPI)— A Southeastern Conference spokesman said Wednesday the investigation into reports that Kentucky football star Dave Roller allegedly received illegal recruiting offers from three SEC schools "has not been completed.

"Reports that this matter has been settled and that Roller and the schools (Kentucky, Tennessee and Alabama) have been cleared are without foundation," the spokesman said. "That may or may not be the way it winds up, but nothing's settled now."

Roller allegedly told St. Petersburg (Fla.) Times sportswriter Fred Girard that he had been made illegal offers by Alabama, Tennessee and Kentucky while a student at Dayton (Tenn.) High School and that he went to Kentucky because that school made the best offer.

The gorilla is the largest ape.

Opening lead--♦ Q

We aren't sure if we approve of the North-South bidding. Somehow or other, six clubs is a safer contract than six spades but the game was match point duplicate and North put his partner in the major-suit slam.

They did well to avoid six no-trump where only 11 tricks are available.

South won the diamond lead with dummy's ace and looked around for a way to make 12 tricks. A simple play would be to draw trumps right away, discard his losing diamonds and two of his hearts on dummy's clubs and concede a trick to the ace of hearts. That was a simple way but it would have turned out to be a losing one. With trumps breaking 4-2, South would have had to play out all his trumps. West would discard down to the ace of hearts and a diamond and take the last two tricks.

South had another losing play at his disposal. Should he lead a heart to the king, West would take his ace and lead a second diamond, South would ruff in dummy and have no way to get to his hand to pull all West's trumps.

Then how did South make the slam?

Alan Truscott points out that he made it by means of an unusual play. At trick two, he played dummy's queen of hearts. This play left West with no winning defense. If West took the trick and led a diamond, South would ruff in dummy, cash dummy's king and queen of trumps, come to his hand with the king of hearts, draw the last trumps and run the clubs for 12 tricks.

If West ducked, South would simply run off trumps and clubs and let West win the last trick. Either way, the 12 tricks were home.

PASS IT ON

by L.M. Boyd

THREE TIMES as many illegitimate babies are born nationwide now as were born 30 years ago. Despite The Pill . . . . TRICKIEST TAX DODGERS are the working men of Italy, evidently. Fewer than one out of 10 file returns . . . . STATISTICALLY, AS FAR as identical twins go, if one is a criminal, so is the other, three cases out of four.

LOVE AND WAR – It's generally believed more husbands than wives want to go out gallivanting in the evening. But pollsters say this common notion is erroneous. The wives who wish to step out after sundown outnumber the husbands who choose to do so by two to one, they, claim. However, in divorce testimony it's usually the husband who's charged with roaming, not the wife. And it's such publicized testimony that leads to the general misconception with some skepticism.

A KITCHEN MECHANIC reports a pound of tea will give you about 200 cupsful while a pound of coffee will only give you about 40 . . . . WHAT IS IT a professional burglar looks for first when he gets into a house? No, not jewels, not money. It's a way to get out fast . . . . YOU CAN QUIT smoking, it's said, if you postpone the first cigarette for one more hour on each successive day.

LANGUAGE MAN – Years ago it was customary for the keeper of a dry goods store to pound brass tacks into his counter. Near the rear edge. At intervals of one fourth, one half and one full yard. To measure the cloth off the bolts. What he generally did first was hold the cloth up between his outstretched hands merely to display it. But if it turned into a sale, that called for actual measurement, and he had to "get down to brass tacks," which is how we came by that fine old funny phrase.

CUSTOMER SERVICE – Q. "What's a St. John's-wort?" A. Research reveals that's a sometimes poisonous plant. What's odd about it is it usually only sickens animals with white hair and not even them unless they eat it in bright sunlight.

IF IT WAS MADE before 1830, it's an antique. If it was made after 1830, it's just secondhand goods. That's how the custom boys regard it, anyhow. They charge duty on what's secondhand, but not on antiques . . . . HOW TALL IS a tree 15 feet shorter than a pole three times as high as said tree? That's what I asked. Just 7 1/2 feet tall, replies a kindly client. Good. Appreciate that.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE FOR CONSTRUCTED PROJECT

UNITED STATES OF AMERICA FEDERAL POWER COMMISSION
Idaho Power Company
Project No. 18
(September 2, 1970)

Public notice is hereby given that application for amendment of license has been filed under the FEDERAL POWER ACT (16 U.S.C. 791a-825r) by Idaho Power Company (correspondence to: James E. Bruce, Vice President and Secretary, Idaho Power Company, Box 70, Boise, Idaho 83707) for constructed Project No. 18, known as Twin Falls, located on the Snake River in Twin Falls and Jerome Counties, Idaho.

Licensee seeks amendment of license Article 25 to incorporate a more flexible rate of return limitation on project net investment upon which surplus earnings of the project would be based and amortization reserves established and maintained pursuant to Section 10 (d) of the Federal Power Act. Licensee seeks to have the rate of return related to the Company's weighted average annual embedded long term debt cost rate times one and one-half, or 6 per cent, whichever is greater. This formula would be substituted for the straight 6 per cent rate of return provision presently specified by Article 25.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 3, 1970, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to a proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE FOR CONSTRUCTED PROJECT

UNITED STATES OF AMERICA FEDERAL POWER COMMISSION
Idaho Power Company
Project No. 1975
(September 2, 1970)

Public notice is hereby given that application for amendment of license has been filed under the FEDERAL POWER ACT (16 U.S.C. 791a-825r) by Idaho Power Company (correspondence to: James E. Bruce, Vice President and Secretary, Idaho Power Company, Box 70, Boise, Idaho 83707) for constructed Project No. 1975, known as the Bliss Project, located on the Snake River, in Elmore, Twin Falls and Gooding Counties, Idaho.

Licensee seeks amendment of license Article 24 to incorporate a more flexible rate of return limitation on project net investment upon which surplus earnings of the project would be based and amortization reserves established and maintained pursuant to Section 10 (d) of the Federal Power Act. Licensee seeks to have the rate of return related to the Company's weighted average annual embedded long term debt cost rate times one and one-half, or 6 per cent, whichever is greater. This formula would be substituted for the straight 6 per cent rate of return provision presently specified by Article 24

Any person desiring to be heard or to make any protest with reference to said application should on or before November 3, 1970, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (1873 CFR 1.8 or 1.10).

All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. NOTICE TO CREDITORS

IN THE PROBATE COURT OF TWIN FALLS COUNTY, STATE OF IDAHO

IN THE MATTER OF THE ESTATE OF BLAINE V CHRISTOPHERSON, Deceased

NOTICE IS HEREBY GIVEN by the undersigned, Leander Christopherson, Administrator of the estate of Blaine V Christopherson, deceased, to the creditors of and all persons having claims against the said deceased to exhibit them with the necessary vouchers within four (4) months after the first publication of this notice to the said Administrator at the office of William J. Langley, 248 Third Avenue East, Twin Falls, Idaho, this being the place fixed for the transaction of the business of said estate

DATED this 15th day of September, 1970
(s) Leander Christopherson,
Administrator
Publish: Sept. 24, Oct. 1, 8 & 15, 1970.

The following are the proposed Constitutional Amendments to be voted on at the next General Election to be held November 3, 1970.

CONSTITUTIONAL AMENDMENTS

To vote on the following, mark a cross (X) in the square at the right of "Yes" or "No."

H. J. R. No. 3

"Shall Section 6 of Article 18 of the Constitution of the State of Idaho relating to the county assessor be amended to provide that the legislature shall provide for the election of a county assessor in each county of the state every four years, thereby fixing the county assessor's term of office at four years?" Yes ☐ No ☐

ATTORNEY GENERAL'S STATEMENT OF MEANING AND PURPOSE

H. J. R. No. 3

This proposed amendment of the *Idaho Constitution* is designed to increase the term of the office of the county assessor of the several counties of the State of Idaho to four (4) years.

S. J. R. No. 121

"Shall Section 6, Article XVIII of the Constitution of the State of Idaho be amended to provide for the election of county treasurers every four years commencing with the general election of 1970, rather than every two years as presently required?" Yes ☐ No ☐

ATTORNEY GENERAL'S STATEMENT OF MEANING AND PURPOSE

S. J. R. No. 121

This proposed amendment is designed to increase the term of the office of the county treasurer of the several counties to four (4) years, and to remove certain provisions from Section 6, Article XVIII, *Idaho Constitution*, dealing with probate and other county judges.

Section 6 of Article XVIII of the *Idaho Constitution*, as now in effect, states that the legislature shall provide for the election of the county treasurer every two years. Section 6, of Article XVIII, as now in effect, also provides, among other things, for the biennial election of a probate judge in each of the several counties, unless the legislature determines otherwise, and that a probate judge or other county judge may be a county officer, if provided by law

This proposed amendment if approved, will remove those provisions of Section 6, Article XVIII relating to the probate judge or other county judges, and would instruct the legislature to provide, through appropriate legislation, for the election of a county treasurer every four (4) years, thereby increasing the term of such office to four (4) years.

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that the State of Idaho, Department of Highways, Box 7129, Boise, Idaho has received an approved Permit No G 32980 47 2425 issued by the Idaho Department of Water Administration authorizing the diversion of 0.16 cubic feet per second of water from ground water source The priority to be established under this permit is July 11, 1966 and the permit was approved July 15, 1966

Water is to be diverted by well from a point within the SW¼NW¼, Sec 34, T 12 S, R 16 E, B M Twin Falls County to be used for domestic purposes in the SW¼NW¼, Sec 34, T 12 S, R 16 E, B M

Proof of the application of the water to beneficial use is to be submitted to the Department on or before July 15, 1971 Any protests against the issuance of the license for the above referenced permit should be filed with the Idaho Department of Water Administration within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice

NOTICE OF PENDING ISSUE OF TAX DEED

STATE OF IDAHO)
COUNTY OF TWIN FALLS)

September 10, 1970

YOU ARE HEREBY NOTIFIED. That under the provisions of Revenue Laws of the State of Idaho, the County Treasurer, as Tax Collector of Twin Falls County in said State is deemed to be purchaser in trust of certain properties described in delinquency entries made in respect of unpaid taxes and in respect of which the time for redemption will expire December 31, 1970.

YOU ARE FURTHER NOTIFIED, That if said delinquency entries are not redeemed on or before December 31, 1970, by payment of said tax, together with interest, penalties, and added costs as provided by law, to me at my office at Twin Falls, Idaho, I shall thereupon as required by law, issue to the said County of Twin Falls, as grantee, a Tax Deed conveying to the said County absolute title to the property as described in said delinquency entries, free of all incumbrances, except any lien for taxes which may have been attached subsequently to the assessment herein-before referred to.

DELINQUENCY ENTRIES SUBJECT TO TAX DEED JANUARY 1st, 1971.

NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE FOR CONSTRUCTED PROJECT

UNITED STATES OF AMERICA FEDERAL POWER COMMISSION
Idaho Power Company
Project No. 2061
(September 2, 1970)

Public notice is hereby given that application for amendment of license has been filed under the FEDERAL POWER ACT (16 U.S.C. 791a-825r) by Idaho Power Company (correspondence to: James E. Bruce, Vice President and Secretary, Idaho Power Company, Box 70, Boise, Idaho 83707) for constructed Project No. 2061, known as Lower Salmon Falls, located on the Snake River in Gooding and Twin Falls Counties, Idaho.

Licensee seeks amendment of license Article 24 to incorporate a more flexible rate of return limitation on project net investment upon which surplus earnings of the project would be based and amortization reserves established and maintained pursuant to Section 10(d) of the Federal Power Act. Licensee seeks to have the rate of return related to the Company's weighted average annual embedded long term debt cost rate times one and one-half, or 6 per cent, whichever is greater. This formula would be substituted for the straight 6 per cent rate of return provision presently specified by Article 24.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 3, 1970, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and available for public inspection.

GORDON M. GRANT,
Secretary
Publish: Sept. 24, 1970.

ORDINANCE NO. 1480

AN ORDINANCE OF THE CITY OF TWIN FALLS, IDAHO, OF INTENTION TO SELL REAL PROPERTY; PROVIDING FOR PUBLIC AUCTION AND TERMS OF SALE; PROVIDING FOR PUBLIC HEARING; PROVIDING THAT AFTER SIXTY DAYS THE TIME AND PLACE OF SALE TO BE FIXED AND NOTICE GIVEN.

WHEREAS the City of Twin Falls, Idaho, is the owner of real property hereinafter described which is no longer necessary to said City or for the use and benefit of the citizens of said City, and,

WHEREAS said real property has been appraised by a qualified real estate appraiser.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF TWIN FALLS, IDAHO:

Section 1. That the City of Twin Falls, Idaho, intends to sell the following described real property situated in Twin Falls County, State of Idaho:

Township 10 South, Range 17 E., B. M., Twin Falls County, Idaho
Section 33: That part of the NE¼NW¼ described as follows: BEGINNING at the Northwest corner of the Northeast Quarter of the Northwest Quarter of Section 33, Township 10 South, Range 17 E., B. M. and running thence South 931 feet to center of Low Line Canal; thence South 84 degrees 20' East 200 feet; thence South 67 degrees 25 minutes East 225 feet; thence South 48 degrees 45 minutes, East 52 feet; thence North 1072 feet to section line; thence West 446 feet to place of beginning;

AND

That part of the NW¼NW¼ described as follows: BEGINNING at a point on the North line of Section 33 in Township 10 South, Range 17 E., B. M., which said point is 26 feet Westerly from the Northeast corner of the Northwest Quarter of the Northwest Quarter of the said Section 33; thence Westerly along said section line, 436 feet to a point; thence Southerly parallel to the East line of said NW¼NW¼ of said Section 33, a distance of 297 feet; thence Easterly parallel to the North line of said Section 33, a distance of 400 feet to center of a certain irrigating ditch; thence along center line of said ditch South, 0 degree 58' East, a distance of 628 feet to center of "Low Line" Canal as at present constructed; thence Easterly along center line of said Canal, 51.5 feet to a point on the East line of said NW¼NW¼ of the said Section 33; thence Northerly along last mentioned line 864 feet; thence Westerly 26 feet; thence Northerly 61 feet to the point of beginning;

Excepting and reserving the following two parcels within which are located City wells.

Parcel No. 1: Commencing at the corner common to Sections 28, 29, 32 and 33, Township 10 South, Range 17 E., B. M., Twin Falls County, Idaho; thence South 89 degrees 50' East along the North line of Section 33 a distance of 875.31 feet to a point; thence South 0 degree 16' West along the pipeline a distance of 25 feet to the South side of the road right-of-way; thence South 0 degree 16' West along the pipeline a distance of 181.5 feet to the true point of beginning; thence South 89 degrees 44' East a distance of 24.0 feet; thence South 0 degree 16' West a distance of 56.0 feet; thence North 89 degrees 44' West a distance of 48.0 feet; thence North 0 degree 16' East a distance of 56.0 feet; thence South 89 degrees 44' East a distance of 24.0 feet to the true point of beginning.

Parcel No. 2: Commencing at the corner common to Sections 28, 29, 32 and 33, Township 10 South, Range 17 E., B. M., Twin Falls County, Idaho, thence South 89 degrees 50' East along the North line of Section 33 a distance of 1318.70 feet; thence South 2 degrees 26' East along a pipeline a distance of 25 feet to the south side of the road right of way; thence South 2 degrees 26' East along a pipeline a distance of 535.0 feet; thence North 86 degrees 10' East along a pipeline a distance of 187.0 feet to the true point of beginning; thence North 3 degrees 50' West a distance of 25.0 feet; thence North 86 degrees 10' East a distance of 66.0 feet; thence South 3 degrees 50' East a distance of 50.0 feet; thence South 86 degrees 10' West a distance of 66.0 feet; thence North 3 degrees 50' West a distance of 25.0 feet to the true point of beginning.

Further reserving use of underground water provided by said wells together with well equipment and appurtenances thereto.

Further excepting permanent easements as hereafter described for the maintenance, operation and transmission of water from said wells, together with the right of ingress and egress:

Easement No. 1: Commencing at the corner common to Sections 28, 29, 32 and 33, Township 10 South, Range 17 E., B. M., Twin Falls County, Idaho; thence South 89 degrees 50' East along the North line of Section 33 a distance of 875.31 feet to a point; thence South 0 degree 16' West along the pipeline a distance of 25 feet to the South side of the road right-of-way which is the true point of beginning; thence South 89 degrees 50' East along the South road right-of-way a distance of 7.5 feet; thence South 0 degree 16' West along a line parallel to and 7.5 feet East of the water line a distance of 181.5 feet to a point; thence North 89 degrees 44' West a distance of 15.0 feet; thence North 0 degree 16' East along a line parallel to and 7.5 feet West of the water line a distance of 161.0 feet; thence North 89 degrees 44' West a distance of 18.0 feet; thence North 0 degree 16' East a distance of 20.5 feet; thence South 89 degrees 44' East a distance of 25.5 feet to the true point of beginning.

Easement No. 2: Commencing at the corner common to Sections 28, 29, 32 and 33, Township 10 South, Range 17 E., B. M., Twin Falls County, Idaho, thence South 89 degrees 50' East along the North line of Section 33 a distance of 1318.70 feet, thence South 2 degrees 26' East along a pipeline a distance of 25 feet to the South side of the road right-of-way which is the true point of beginning; thence South 89 degrees 50' East along the South road right-of-way a distance of 7.5 feet; thence South 2 degrees 26' East along a pipeline a distance of 527.5 feet; thence North 86 degrees 10' East along a pipeline a distance of 179.5 feet, thence South 3 degrees 50' East a distance of 15.0 feet; thence South 86 degrees 10' West a distance of 194.5 feet; thence North 2 degrees 26' West a distance of 542.5 feet, thence South 89 degrees 50' East along the south road right-of-way line a distance of 7.5 feet to the true point of beginning.

Further excepting and reserving to the City all mechanical apparatus that may be desired to be removed from any and all of the above described real property by the City.

Subject further to easements of record.

Section 2. That sale of said real property shall be made at public auction to the highest bidder in at least the sum of the appraised value and said sum may be paid in cash at the time of acceptance of bid or may be in five equal annual installments together with interest on the unpaid balance at eight per cent per annum and the first installment to be paid upon acceptance of bid and the remaining four installments of principal together with interest to be due and payable each year thereafter and a contract of sale shall be executed reserving title in the City until payment in full has been made. The City Council reserves the right to reject any and all bids.

Section 3. That a public hearing shall be held before the City Council on the question of selling said real property in the Council chambers of the City Hall, 321 Second Avenue East, Twin Falls, Idaho, at 8:00 P.M. on October 19, 1970. Notice thereof shall be given by the City Clerk by publication in the official newspaper of the City on October 1, 8 and 15, 1970.

Section 4. The City Council after the expiration of sixty days from passage of this Ordinance shall by minute entry set the time and place of sale of said real property and provide for notice of sale to be published in the official newspaper of the City.

PASSED BY THE CITY COUNCIL SEPTEMBER 21, 1970.
SIGNED BY THE MAYOR SEPTEMBER 21, 1970.

Looking For A Home Near School? Consult The Want Ad Pages

Wyoming To Keep BYU Ties

LARAMIE, Wyo. (UPI) — The Wyoming Associated Student Senate has voted down a motion to sever all relations with Brigham Young University.

The vote was 17-1. The motion was brought up for consideration at the Senate meeting late Tuesday.

The bill was introduced last April and received a second reading the week before and had been tabled until the Tuesday night meeting.

The motion was drawn up because of the philosophy of the Mormon Church toward Negroes. The Mormon Church operates BYU.

And J.R. Jeraud, vice president for student affairs at the University of Wyoming, said Wednesday that students who voluntarily enrolled in any organization or activity assumed a responsibility for meeting the requirements involved if they wish to continue participating.

Jeraud made his comments after receiving a recommendation from the student Senate that no disciplinary actions be taken against any students who find participation in intercollegiate activities with BYU a conflict of their moral principles.

The resolution was passed by the Associated Student Senate last week. It had been drafted at a meeting of all Western Athletic Conference student body presidents last June.

The athletic committee of the University of Wyoming met last Friday but did not duscuss the motion.

Jeraud wrote to Bob Archuleta, ASUW president, that "the university supports the position that students should not make voluntary commitments in conflict with their moral principles. We follow a general principle which views the voluntary enrollment by a university student in any organization or activity as the choice of the student who assumes the responsibility for meeting the requirements involved for continued participation."

Noting that the resolution had also called for BYU and other WAC schools to try to provide better racial association by actively recruiting and helping minority students, Jeraud said the university has initiated a program to assist disadvantaged students.

Last fall, 14 black athletes were removed from the UW squad by Coach Lloyd Eaton after they appeared in his office wearing black armbands. They were protesting the policies of the Mormon Church and BYU.

News Of Record

LINCOLN COUNTY
Clerk's Office

Marriage licenses were issued to: Stephen Allen King and Deborah Renea Swainston, both Richfield.

U. S. Army separation filed for Allen F. Sorensen, Dietrich. Divorce granted: Clifton E. Sharp from Mrs. Mary Kathryn Sharp.

Warranty deed filed by Mr. and Mrs. Gary Dunlap to Mr. and Mrs. R. Wendell Johnson.

JEROME COUNTY
District Court

Gary Phil Pooler, 19, Jerome, was placed on 18 months probation Tuesday by District Judge James Cunningham on charges of being an accessory to grand larceny. He was represented by his court-appointed attorney, Richard Seeley.

He will be under supervision of Robert E. Kroush, district probation officer, and personal supervision of his employer, William Kerse.

Probate Court

William V. Harral, Eden, was fined $20 by Judge Russell Shaud for driving left of the center lane. The judge suspended $10 of the fine.

Hidden Tax Attacked

BOISE (UPI)—State employes may pay a "hidden tax" if wages are not comparable to prevailing rates for surrounding states and private industry, according to the executive director of the Idaho State Employes Association.

Lake Winnipesaukee, largest body of water in New Hampshire, covers 72 square miles.

Plane Crash Toll Rises

SALT LAKE CITY (UPI) — The crash and burning of a small airplane at the Pocatello airport Friday claimed a second life Wednesday with the death of Mrs. L. G. Lawrence, 50, Seattle.

The woman died at University Hospital in Salt Lake City. Another passenger, Mrs. Dorothy Daub, 35, Seattle, was listed in very critical condition in the Utah hospital.

The Bonanza single-engine private aircraft crashed while landing at the Pocatello Municipal Airport. The pilot, Mrs. Helen Appel, 48, Auburn, Wash., perished in the crash.

Mrs. Appel's husband, Eugene Appel, 50, was listed in improved condition in a Pocatello hospital.

Poteet, Tex., the self-proclaimed "Strawberry Capital of Texas," has a 1,600-pound statue of a strawberry mounted in front of its city hall.

NOTICE TO CLAIMANTS
Notice is hereby given that the contract with P & E Concrete Co., Inc., P.O. Box 923 of Twin Falls, Idaho, covering the Construction of a Concrete-lined Ditch for the Idaho Fish & Game Dept. on the Snake River Wildlife Management Area near Hagerman, Idaho, Twin Falls county was accepted as completed on the 1st day of September, 1970.
Any person, company, or corporation who has furnished labor, materials, or supplies used on the work, payment for which has not been made, shall file with the Department of Public Works, State Capitol Building, Boise, Idaho with the time limits prescribed by Idaho Code Title 45, Chapter 5, an itemized statement of his claim for all amounts due and unpaid by the contractor.
Failure of any claimant to file his claim within the time limit provided shall constitute a waiver of such claim.
